# FLOOD MENACE GROWS IN EASTERN PENNSYLVANIA

## Clothing Ablaze; Young Man Is Terribly Burned

Joseph De Felice, 22, Of 413 Uber Street, In Critical Condition In Hospital

CLOTHING TAKES FIRE WHEN OIL-SOAKED

Youth Engaged In Repairing Auto When Accident Takes Place

When his oil and gasoline-soaked clothing was ignited in some manner last night as he was repairing his automobile, Joseph DeFelice, 22, of 413 Uber avenue, was very seriously burned over a considerable part of his body and his recovery is considered extremely doubtful, according to the New Castle hospital authorities.

His serious condition is due, according to the hospital authorities, not so much on account of the depth of the burns usutained, but rather on account of the large extent of the burns. It is uncertain whether he inhaled any of the flames. Most of his clothing was burned from his body.

The fire occurred about six o'clock Wednesday evening. An alarm was turned in from box 54, calling the firemen and Assistant Chief H. Clare Stockman to the scene.

## EASTERN FLOOD CAUSES DEATH AND DESTRUCTION

Two Members Of Train Crew Are Killed When Washout Causes Wreck

Three Dams Are Washed Out; Heavy Damage In Scranton Region

Fed by four days of incessant rains, the Susquehanna river, into which pour the turbulent Lackawanna and scores of smaller streams in northeast and central Pennsylvania, rose slowly today, the rushing waters leaving in their path a trail of death and destruction.

Wilkes-Barre reported the most serious menace today, the swirling waters sweeping over several main highways leading into the city and threatening trolley service. The river rose nearly 15 feet in 36 hours and the menace has not abated.

Two trainmen lost their lives, three others were injured, and the lives of scores of passengers were endangered near Hallstead, Pa., late yesterday when a sudden rush of

## American Woman Slain In Paris; Hunt For Suspect

Russian Suspect Is Being Hunted By Police; Woman Found Stabbed

BELIEVE JEALOUSY MOTIVE FOR CRIME

Murder Victim Is Wife Of Well- Known Massachusetts School Principal

(International News Service)

**PARIS, Oct. 20.—A Russian friend is being sought by French police today in connection with the murder at Nice of Mrs. Horace Lord, of Fall River, Mass. Jealousy was believed by police to have been the motive.**

Mrs. Lord, who was formerly Marcelle Vernet, daughter of Count Gustave Vernet, was found stabbed through the heart.

**Husband Stunned**

Boston, Oct. 20.—Horace Lord, Boston school principal, declared today that the murder of his wife in Nice, France resulted from her associations with a love cult colony in Paris and her admiration for the late Isadora Duncan.

Cable dispatches yesterday told of Mrs. Lord being found stabbed through the heart.

Lord, son of a prominent Fall River family and principal of the Industrial School for Crippled and Deformed Children, wept when informed of the tragic death of his wife and when he told of his belief of the circumstances which might have brought about her end.

Advices from France told of a Russian who is under suspicion for the crime. Lord declared his wife had written him recently of such a man —an accomplished violinist, he said —and that she had met him through the famous dancer, Isadora Duncan.

He denied that he and his wife had separated and produced weekly love letters which he said he had received in the last few months.

## PITTSBURGH FEARS FLOOD

Rivers At Point Already Up To 19-Foot Stage At Noon

MAY REACH 25 FOOT FLOOD MARK

(International News Service)

PITTSBURGH, Oct. 20. — All streams in the Pittsburgh district were swollen today by continuous rain in the watersheds for the past forty-eight hours. The weather bureau warned that flood stage of 25 feet at Pittsburgh might be reached if the rain continues.

At noon the river stage at the point, where the Allegheny and Monongahela rivers join, was 19 feet and the weather bureau said a stage of 22 or 23 feet tomorrow is certain. Since Monday night 2.12 inches of rain has fallen in this vicinity.

If the predicted stage of 23 feet tomorrow materializes the lower northside tracks of the Baltimore and Ohio railroad will be under water.

As reports were received from dozens of smaller Western Pennsylvania towns it became apparent that all streams are swollen and many of the smaller ones already are beyond their banks.

In Westmoreland county flood conditions prevailed at many points, the result of 60 hours of incessant rainfall. Greensburg reported a rainfall of 4.08 inches since Monday.

Ten inches of water cover the tracks of the West Penn Interurban Lines near Swedetown in the vicinity of Scottdale. This seriously interferred with interurban service.

## Fall May Take Witness Stand Is Indicated

Former Secretary Of Interior Undecided On Whether Or Not To Testify

SINCLAIR SILENTLY WATCHES PROCEEDINGS

E. C. Finney, Assistant To Fall, Undergoes Examination On Witness Stand

By GEORGE E. DURNO
International News Service Staff Correspondent

WASHINGTON, Oct. 20.—**The Fall-Sinclair defense got in its first licks today in efforts to clear Ex-Secretary of Interior Albert B. Fall of charges of leasing "fraudulently and secretly" the Teapot naval oil reserve to Harry F. Sinclair.**

The attempt was made through cross-examination testimony of E. C. Finney, assistant secretary of interior. Finney had testified that he knew nothing of the lease until after it had been executed by Fall, and that Fall gave orders that no information on the lease should be given out.

Finney was turned over to George P. Hoover, Sinclair counsel, after a brief direct examination by Owen J. Roberts of the government staff.

Before today's session opened Fall declared that he had not decided definitely whether he would take the stand in his own defense. He said yesterday he would go on the stand and "explain a lot of things that haven't been explained." He did not testify in the Fall-Doheny conspiracy trial and his lawyers do not want him to take the stand here.

**Drab Recital**

Finney's testimony started off with a drab recital on general leasing laws and the jury became restless. They paid but scant attention to Hoover and Finney and seemed more intent in watching the two defendants. Fall, smiling, engaged for a time in an animated conversation with his lawyers. He appeared in better spirits than any day since the trial started.

Sinclair, mute, stern-faced, followed the proceedings closely.

The feeling between Roberts and Hoover which already has resulted in so many heated rows, was not abated overnight and they again clashed fre-

## *Nearly $2500 Raised At Booth Wednesday For Local Chest Fund*

**Surpassing all other of the committees that have worked so far, the ladies of Wednesday's committee at the volunteer Givers' booth at The Castleton collected $2498 for the Community Chest Drive.**

**This was swelled by a donation of $1000 by Percy L. Craig, president of the Pennsylvania State Sabbath School association.**

**"We are very well pleased with the progress of the drive so far," averred Herbert Peairs, director of the drive this morning. "Already we are much ahead—I should say about $10,000—of the drive last year. If the good work is kept up, I am sure that this drive will go over the top in an unprecedented manner."**

**Mr. Peairs also congratulated the citizens of New Castle on the fine spirit that they are showing towards the Community Chest this year.**

**"It is the heart interest that counts," he stated, "and I am sure that we have more than heart interest in New Castle now. Every agency is working, and work spells success."**

**Ladies on Wednesday's committee at The Castleton booth were: Mrs. James Ward Reis, Miss May Hoyt, Mrs. H. L. Gordon, Mrs. Samuel Perry, Mrs. Robert Garland, Mrs. D. C. Lindley, Mrs. H. C. Harper, Mrs. N. A. Martin, Mrs. John McIlwraith, Mrs. L. B. Mather, Miss Helen Foster, Mrs. Fred M. Kee, Mrs. Edgar Parlett, Mrs. A. C. Hoyt, and Mrs. DeGrimm Renfro.**

## Frightened Deer Plunges Into Auto, Occupants Hurt

WILKES-BARRE, Pa., Oct. 20.—A frightened deer caused an automobile accident near Stoddardsville in the Poconos last night in which the car of Joseph Hargreave was damaged and one of the occupants injured.

Hargreave was returning to this city when, in rounding a curve, he encountered a buck standing in the center of the highway. Instead of bounding off the road, the animal plunged into the car, bending the radiator, tearing the side curtains from the frame and breaking the windshield. The passengers were struck on the head by the flying hoofs of the animal.

Today Hargreave returned to the scene and found the buck about ten feet from the highway, the jugular vein slashed by the jagged edges of the broken windshield.

## MAKE REPORTS OF AUTO ACCIDENTS

No One Is Injured In Series Of Mishaps Reported To Police

Harry Reese of Beaver Falls, Pa., reported to the police last night that while he had been in the Scottish Rite cathedral during the day he left his automobile parked at Mercer street and Lincoln avenue. He had taken unusual precaution to prevent the operation of the car during his absence. When he went to get the car, he found it at Lincoln avenue and North Jefferson street, where it had run into the car of John Brinton, of R. D. No. 7, doing damage to both machines. Mr. Reese informed the police that it looked like an attempt to steal his car had been made.

Clinton Glenn of 110 South Ray street, reported that he was driving the car of Everett Smith of 320 Garfield avenue, west on East Washington street in front of the New Castle Dry Goods store, when a car bearing Pennsylvania license A99-288 going in the same direction, cut around in front of his car and forced his machine up on the sidewalk.

Rev. E. B. Moore of Townville, Pa., reported Wednesday that he was driving north on North Mill street, near North street, when a man driving a truck bearing Ohio license T67-540 going north on the street collided with his machine. Some damage was done.

G. W. Parshall of 117 North Walnut street reported to the police Wednesday that he knocked down two safety zone standards in front of Neiman's store.

## THREE HUNDRED TEAM WORKERS AT MEETING PREPARE FOR CAMPAIGN

Community Chest Workers Assemble In Preliminary Meeting Wednesday

Ready For Drive To Be Launched Monday; Hear Of Needs For Fund

**A spirit that cannot be beaten was demonstrated Wednesday evening when, for the last time before the drive, the team captains and division leaders met in conference in the ball room of The Castleton.**

Over 300 persons were present, and Herbert Peairs, director of the drive, stated after the meeting was over that never before in his experience with community chest work had he seen such a turnout or such enthusiasm that was expressed by the representatives of the ten participating agencies last night at The Castleton.

"It is the heart interest," declared Mr. Peairs, "that is making the drive the success that I am sure it will be. The organization in New Castle this year is not a mere mechanical thing, but it is alive, because it lives in the hearts of the people."

Every card that Mr. Peairs brought to the meeting was distributed before the first man was called upon to speak.

**Hear Representatives.**

After distributing the cards, Mr. Peairs called upon representatives of the various agencies which are participating in the drive to state their cause. First on the list was Mrs. J. L. Stratton, who spoke in behalf of the Almira Home for Aged Women.

"There is nothing quite so pathetic," she averred, "as an old woman, perhaps someone's mother, without a home, and it is the business of the Almira Home to see they have homes. In fact, the institution welcomes all mothers who do not have homes, and it will cherish them in their declining years."

Following Mrs. Stratton, Frank A. Hover told of the work that is being done by the Associated Charities. The organization, he stated, has been in operation for about 17 years, and during that time has given temporary relief to thousands of poor families. Some people, he said, think that the work of the Associated Charities should be taken care of by the poor authorities, but the work that this organization helps those who are only

## Immense Crowd Attends Reunion

Over 1,500 At Banquet In Connection With Scottish Rite Meetings

CRAIG EXPRESSES HIS APPRECIATION

Seldom has a Scottish Rite reunion seen such an immense throng as was present Wednesday at the dinner hour and for the degree work which followed.

At 6:30 the press of members in the lobby was almost uncomfortable and it was estimated that 1500 sat down to the evening meal. It was the kind of gathering that explains the fraternalism of Americans for above the clatter of dishes could be heard a mild roar of conversation, merriment and now and then a burst of song led by the irrepressible "Red" Williams. The orchestral music was furnished by Judy Sypher and his Cathedral Symphony orchestra.

Following the dinner, John S. Wallace, 33', active member of the supreme council for Pennsylvania, made a brief address and introduced Percy L. Craig, president of the Pennsylvania State Sabbath School association. Mr. Craig expressed the gratitude of the State Sabbath School association for the use of the building for the state convention held last week and said that the delegates were loud in their praise of the cathedral.

Many guests were present, among them Mrs. Arthur H. James, wife of the lieutenant governor of the state, and Walter Johns, city engineer of Wilkes-Barre, Pa. Due to a press of business Lieutenant Governor James was unable to be present Wednesday evening but was announced to arrive in New Castle this morning.

(International News Service)

BUENOS AIRES, Oct. 20.—Dieudonne Costes and Joseph Le Brix, went set out from Le Bourget, France, to fly to this city in relay flights, arrived over the outskirts early this afternoon. A flotilla of naval planes went out to meet the French airmen and escort them to the landing field.

Costes and Le Brix landed at 12:56 p. m.

They were welcomed by the French ambassador and official representatives of the Argentine government.

A large crowd cheered the flyers as they left the landing field.

## *President Calvin Coolidge Calls Down Senator Fess*

Verbal Spanking Is Administered To Persons Urging Coolidge To Run

Ohio Senator Has Conference With President This Morning

By GEORGE R. HOLMES
International News Service Staff Correspondent

WASHINGTON, Oct. 20.—**President Coolidge administered a verbal spanking today to those of his ardent supporters who have refused to accept at its face value his famous "I do not choose to run" announcement.**

It was delivered through Senator Simeon Fess (R) of Ohio, who has been one of the most vocal of the Coolidge partisans in whipping up sentiment to have the next Republican national convention draft the president.

After a conference with Mr. Coolidge at the White House this morning Fess emerged from the presidential office and said:

"I have been called down."

Fess had reference to the speeches he has been making in various parts of the country in which he has assured audiences that Mr. Coolidge

# Start Work For Hotel Banquet

### Reservations Continue To Reach The Castleton For Opening

### MANY VISITORS WILL BE GUESTS

Although a great many of the supplies for the opening banquet and ball of the Castleton October 26 have to be imported, yet preparations are progressing rapidly, states Stewart B. Howson, steward of The Castleton, and he promises one of the best banquets that ever was served in this section of the state.

Five cooks, headed by Joe Graf, the chef, have already started to prepare some of the food which will be used on this night. In fact, says the steward, it is all that they are talking about, for they feel that New Castle should be shown the worth of The Castleton's cusine, and all are anxious to demonstrate their ability in what is still a strange city to them.

Upstairs, in the manager's office, more and more answers to invitations for the banquet are being received and seating arrangements made. Although it is still early, yet Manager John L. Slack fears that he will have to use the dining room for an overflow if the reservations keep pouring in at the same rate.

It will be the most brilliant affair that the citizens of New Castle have ever witnessed, with many of the officials of the hotel company as well as visiting dignitaries on the receiving line at the reception prior to the dinner.

Afterwards, the ball room will be cleared for dancing, and one of the best orchestras in this district has been engaged to furnish the music.

## CLOTHING ABLAZE; YOUNG MAN IS TERRIBLY BURNED

(Continued From Page One)

Stockman noted the serious condition of DeFelice and hurried him to the New Castle hospital while the firemen fought what little actual fire there was. The injured man was given first aid treatment pending the arrival of a physician called for the case. Everything possible was done to alleviate his condition, but owing to the serious nature of his burns his recovery is doubtful.

As far as could be determined the young man was working on his machine. His clothing had become more or less saturated with oil and gasoline. Just whether he struck a match, which came in contact with his clothing, or the backfire of the engine caused the oil and gasoline on his clothing to ignite, could not be determined, the fire authorities state.

After his clothing ignited he ran into his home. Only a young girl was there and she was so frightened that she did not think to wrap something about him or give him something with which to put out the flames. Instead she began to throw water on him, making the burns all the more severe.

The fire loss to parts of the automobile was about $10.

## THREE HUNDRED TEAM WORKERS AT MEETING

(Continued From Page One)

temporarily distressed and too proud to call on the state.

**Tell of Work.**

For the Red Cross, Paul Butz spoke and stated that if the Red Cross had existed for five years without doing a thing, the help that they gave during the recent Mississippi flood would be more than enough to justify their existence. He also told of the work that is being done among the ex-service men.

Judge S. Plummer Emery spoke in behalf of the Lawrence county council of the Boy Scouts and stated that in the county there are 42 troops, each composed of some 30 boys, making the total enrollment over 1000.

Scoutcraft, he stated, trains boys to become good citizens; it makes them healthy, and at the same time it takes care of their morals. The scoutmaster who is in charge of each troop and his assistant scoutmasters are picked for their good qualities and that they give their services entirely free.

The case of 53 children who have been left homeless was stated by C. L. McMillen, who spoke for the Margaret Henry Home. The work of the home, he said, was to make good citizens of boys and girls who were without parents. Practically all of the boys and girls in the home are there because their parents are unfortunate, or because there has been trouble of one kind or another in the home. And the home is not self-supporting because it can make no money. There is nothing, he concluded, more pathetic than homeless children, and it is the aim of the women who are in charge of this project to give each child the best home that they can, and this can only be done by calling on the Community Chest for aid.

**Hospital Work.**

Stressing the point that in any community a hospital is a vital necessity, John Maher stated the case of the New Castle hospital. The recognition of the hospital staff by the American College of Surgeons and the state recognition of the nurses' school was mentioned, along with the large number of patients taken care of. He also stated that there was one baby born in the maternity ward of the hospital each day of the year.

That the Shenango Valley hospital does much the same work as the New Castle hospital was brought out by Robert McK. White.

"A hospital," he stated, "should not be self-supporting, but should depend on the people for some of the money, as it takes care of many who cannot pay."

Work done by the Y. M. C. A. was told by Robert L. Meermans, general secretary, and the Y. W. C. A. work was explanied by Miss Cora Ritchie. Both stated that they believed that these institutions do better work when they are not self-supporting as in that way they can reach more people that need aid.

Mr. Peairs then introduced William A. Hart, vice president of the General Organization company of Chicago, who declared that he could tell the citizens of New Castle little about organization, since they had one of the best organizations that he had seen in his 15 years of experience.

"All now depends on the individual solicitor's enthusiasm. You have heard the needs of these organizations and now is the time to work for them. It is pure salesmanship from now on."

## EASTERN FLOOD CAUSES DEATH, DESTRUCTION

(Continued From Page One)

water from the mountainside washed away the tracks of the Lackawanna railroad, plunging the engine and four cars of a Buffalo-to-Scranton passenger train over a 40-foot embankment.

(International News Service)

**SCRANTON, Pa., Oct. 20.—Two dead, three injured and damage estimated at hundreds of thousands of dollars today was the toll taken by the turbulent waters of the Susquehanna and Schuylkill rivers with their tributaries in this region swollen by three days of incessant rain.**

Milton Esterbrook, engineer, and L. Monroe, fireman of the Binghamton-New York Lackawanna passenger train were killed late yesterday when the train struck a washout near Hallstead, Pa., and the engine, milk car and three express cars went over an embankment.

**Recover Bodies.**

The bodies of the two men were recovered from the mud and wreckage this morning, after crews dug in the mud all night.

John Dilhooley, baggagemaster and John Cruser and Joseph Bradley, mail clerks, were injured. All of the casualties were from Elmira, N. Y. Scores of passengers were shaken, but no other injuries were reported.

The raging rivers washed out three dams, threatened several bridges and the flood waters of the Susquehanna menaced the lower districts of Scranton, forcing police to remove scores of families from the danger zone.

**Washes Out Track.**

The train was on its way from Buffalo to Scranton when it struck a mud and water filled cavein. A sudden rush of water from the mountain washed out the track just before the passenger train came along.

A speeding freight train passed over the same roadbed a half hour before without incident.

Baggage and passenger cars hung on the brink of the hole, within an ace of following the engine and express cars over the brink.

Rauch's dam, between Reading and Pittsville, burst late yesterday carrying with it the tracks of the Reading railway only a few minutes after a special train carrying several high officials of the road passed over.

Two other trains were flagged by crews just before the dam gave way.

**River Rising.**

HARRISBURG, Oct. 20.—The broad Susquehanna river, fed by the turbulent Lackawanna and Upper Susquehanna, rose slowly here today. The river is still far below flood stage, however, observers said, with no immediate danger in prospect.

The river early today registered 12 feet, a rise of more than five feet since yesterday noon.

**Overflows Banks.**

WILKES-BARRE, Pa., Oct. 20.—Swollen by torrential rains of three days, the Susquehanna river rose rapidly in this district early today, leaving its banks at a score of points and flooding the lowlands.

Traffic out of this city to the suburban towns was seriously handicapped as the swirling waters swept over the main highways. Trolleys were operating to bring early workers to their destinations, but fear was expressed that they would have to suspend to the west side if the stream continues to rise.

Unofficially it was reported that the river had passed the twenty foot stage early today.

The river has risen approximately fifteen feet in thirty-six hours as a result of the arrival of water from points further up stream. The Lackawanna, which empties into the Susquehanna at Pittston, has been on a rampage for a day as have other tributaries.

**Above 12 Foot Stage.**

JOHNSTOWN, Pa., Oct. 20.—Rainfall for the third consecutive day today sent Stony creek river beyond the 12-foot stage, in a rise of 18 inches in two hours. Downtown cellars and store basements were flooded. Street cars were blocked and buses were used for transportation.

A landslide was reported on the Cramer Pike near here caused by the heavy rains. A guard rail was placed and one-way traffic inaugurated. Highway maintenance men started repairing the pike.

**Heavy Damage.**

PHILADELPHIA, Oct. 20.—Swollen by heavy rains during the last four days, rivers and creeks throughout the eastern part of this state have overflowed their banks, causing thousands of dollars damage to manufacturing plants and farms.

The weatherman predicts the rain will halt Friday, but forecasts rain, cloudy and continued cold weather for today.

Darby and Cobbs creeks were turned into swirling streams by the continued rains, overflowing lowlands in the Eastwick Avenue section of this city. Rowboats are being used to cross streets, where scores of homes are inundated by water four and five feet deep. Four square miles are affected in this area.

In Manayunk the Schuylkill river has flooded mills and dwellings along its banks.

**Rain Continues.**

WILKES-BARRE, Pa., Oct. 20.—With the Susquehanna river at flood stage, and lowlands in this district menaced, the torrential rain, which subsided for a time during the night, again began to fall today, and authorities said that if the river continues to rise at its present rate, the worst flood in the history of the region will result.

The official reading today showed the river to be 24.6 feet above low water mark. When the river reaches twenty-five feet all traffic to west side communities will be cut off. Automobiles now are unable to cross the Market street flats.

Damage that will run into thousands of dollars has been done, it is estimated. Police have arranged for boats to take care of residents in the threatened areas.

River readings on Monday showed seven feet. Yesterday the reading was 13.6 feet.

**Near Record.**

CONNELLSVILLE, Pa., Oct. 20.—Sixty hours of continuous rains at 10 o'clock this morning had sent the Youghiogheny river to the 12-foot stage here. This was within three feet of the record stage of March 29, 1924, when the lower west side of this city was flooded. There has been no damage as yet, but families along the river were apprehensive.

Traffic was abandoned by the West Penn Railways Company between Scottdale and Mount Pleasant due to flooded tracks. Jacobs creeks was reported to have gone four feet over the tracks at the outskirts of Scottdale.

Indian Creek Valley railroad was under water at Sagamore and traffic was reported at a standstill.

## Doll Show Prize Awards Are Listed

Dolls, in the Quota Club Doll Show to be held in the Scottish Rite Cathedral, Friday and Saturday, October 28 and 29, will be classified as follows: Most popular doll by popular vote; most beautiful, homeliest, largest, smallest, oldest and doll best dressed to represent a nation. The prize for most popular doll will be a silver loving cup and for each of the other classes, one dollar. First, second and third ribbon prizes will be awarded to the three best commercial entries. Mrs. J. C. Williams, who is general chairman of the third annual doll show, says that more interest is being shown in the commercial entries than in the past shows, all indications pointing to many beautiful and unique displays. Judges will be announced at a later date.

## Deaths Of The Day

**J. H. Rohrer.**

Word has been received by Mrs. D. R. Harris of Fairfield avenue of the death of her brother, J. H. Rohrer aged 63 years, of 1179 Edgemont avenue, Los Angeles, Cal., which occurred Tuesday, October 18 in the hospital as the result of a second operation which he underwent a few days previous.

Mr. Rohrer was connected with the Los Angeles Gas company and was well known and highly esteemed.

He is survived by his wife, one son and a daughter of Los Angles, his father, J. F. Rohrer of Pittsburgh, three brothers, George of Portland, Ore., Frank of Harrisburg and Fred Rohrer of Pittsburgh, and two sisters, Mrs. H. G. Huber of Pittsburgh, and Mrs. D. R. Harris of this city.

**Mary Rowena Barr**

Miss Mary Rowena Barr, aged 20 years, daughter of Rev. James Barr, former pastor of the Lebanon United Presbyterian church, and Mrs. Alta Russell Barr, deceased, died at her home in New Wilmington Wednesday morning at five o'clock following an extended illness of six months.

Previous to her illness Miss Barr was a student at the Pennsylvania College for Women in Pittsburgh.

Funeral services will take place Saturday, Oct. 22, at two p. m. from her late home in New Wilmington, with Rev. J. Ralph Neale in charge. Burial will be made in Fair Oaks cemetery.

**Samuel Wisner Buried**

Funeral services for the late Samuel Baker Wisner took place Wednesday afternoon at three o'clock from the family home on Dewey avenue with Rev. T. W. English in charge. The Croton Avenue M. E. church choir sang during the services. The pallbearers were Braden Downs, George Gibson, John Carhart, William Crowl, Mr. Hinkson and Mont Oliphant. Interment was made in Greenwood cemetery.

## PRESIDENT COOLIDGE CALLS DOWN SEN. FESS

(Continued From Page One)

will be the candidate despite his not choosing to run.

"If the president has his own way," said the Ohio senator, "he will not be nominated."

"Does that mean he is opposed to being drafted?" the administration spokesman was asked.

"If you had heard what the president said you would have so interpreted it," was the reply.

"The president was displeased with some of my speeches," continued the Ohioan. He was afraid that people might get the impression that I was speaking for him. He even ventured the thought that I might be talking the way I have been in order to help my own political fortunes in Ohio. I told him I never pretended to be talking for him, nor, in fact, for anybody except myself, and that I did not believe people thought I was representing his views. Nor was I talking to help myself. But he was displeased."

Despite his "call down," Senator Fess declared he still believed Mr. Coolidge would be the nominee of the convention. The president's refusal to stand, he believes, points inevitably to a deadlock in the convention among the supporters of other candidacies, and that deadlock, he predicted, will result in the convention's unanimously drafting the present occupant of the White House.

"I cannot see," said Fess, "how any man, unless it be for reasons of health can refuse to accept a nomination when it is tendered him as the unanimous demand of his party."

The Ohio senator admitted there among the western farm leaders, but he deprecated the extent and importance of this.

"I know in Ohio," he said, "it would be impossible to elect an anti-Coolidge delegation to the next Republican convention."

## TOW BOAT RESOLUTE IS SWEPT OVER DAM

(Continued From Page One)

Colfax, Pa., when the accident happened.

A 19-foot stage was reported at the point bridge here at 10 o'clock today, and the river was rising at the rate of .2 feet an hour.

Although operating at full speed, the Resolute was powerless against the strong current and was swept backwards over the dam, after it broke loose from the loaded barges, which were caught against the dam.

The crew seeing the danger immediately launched the boats and after a hard battle against the angry currents of the rising river, reached shore safely.

## FORMER LOCAL MAN WEDS OCTOBER 12

Announcement is made of the marriage of Miss Margaret Starner, daughter of Mr. and Mrs. Theodore Starner of Jermyn, Pa., and Rev. Ralph Bender of Erie, Pa., son of Mr. and Mrs. William Bender of Harbor street, this city.

The ceremony was solemnized Wednesday evening, October 12, at eight o'clock in the First Pentecostal church of Peckville, Pa., with Rev. William L. Couzens officiating. The alter was banked with palms and ferns, and an arch of autumn leaves. The bride was given in marriage by her brother, Leo Starner.

The bride was lovely in a gown of white crepe de chine, and carried brides roses. Miss Winifred Starner, sister of the bride, was brides maid and wore a gown of pink crepe, and carried premier roses. Mrs. Frank Hall, another sister of the bride, was matron of honor, wearing pale blue, and carrying ophelia roses. Walter Bender, brother of the groom, served as best man.

The bride is well known in musical circles, and Rev. Bender is pastor of the Pentecostal church of Erie, Pa.

A wedding dinner for a number of relatives and friends followed the ceremony.

Mr. and Mrs. Bender left for New York and other points east and after October 23, will reside at 411 West Seventh street, Erie, Pa.

**Juanita Club**

### "PSYCH-ING" AUTO DRIVERS.

THE president of the Pennsylvania Motor Federation is the latest traffic authority to take the position that a safe speed is not one fixed arbitrarily by act of legislature but that at which the individual driver has his automobile under control.

He wants a scale of limits to fit the mental agility and coordination of the individual driver, not one limit for all operators without consideration of the human element.

After an analysis of motor accidents in his state he arrived at certain conclusions. Some of them are:

"Some drivers think rapidly. Some think slowly. Some do not think at all. Back of every automobile accident is the failure of one or more drivers to think the right thing at the right time. Automobiles do not wreck themselves. They do what the driver wants them to do. The machine's response is in direct ratio to the mental agility of the driver."

There is a great deal of truth in all this, but the knowledge serves no other purpose than to strengthen the argument against strict enforcement of arbitrary speed limits. Some people can exceed the limit with safety to themselves and other highway users, while others can hold their speed far below the legal limit and yet be a constant traffic hazard. But the authorities have no way of determining this before the accident except by psychological tests and if it were possible to make such tests there are obvious and insuperable reasons why speed limits based on them could not be enforced.

However, all automobile drivers know, without the aid of psychological tests, whether they can do the right thing at the right time and whether they are driving faster than they can think. Why then should laws and policemen be necessary to compel them to keep their speed within the limits of their mental agility?

### AMERICAN WEALTH GROWS

THis year the national income of the American people is expected to exceed that for 1926, which was almost ninety billions of dollars, an increase of twenty-seven billions over the income for 1921. The increase between 1921 and 1926 was a "real" jump because there was no accompanying rise in prices to reduce the value of the 1926 dollar, and the larger income this year over last will be a "real" increase because prices have receded in the last ten months.

An annual income greater than the entire national wealth of Germany and possibly France will not be overlooked by debtor nations in Europe. More than ever will be stressed the contrast between the overwhelming prosperity of the United States and the impoverishment of the continent. The contrast is there, and the arguments therefrom drawn for American generosity toward debtor nations gain in weight, but only in the mind of the debtors.

The facts do not, however, justify the familiar argument which asserts a close connection between Europe's poverty and America's abounding wealth. America's prosperity is not mainly nor even largely the fruits of European misery. This country is not still living off its war profits. The war counted in some degree. It broke at a time of apparently imminent business depression, but, at the most, saved this country from two years of hard times, which would have been less costly than the war.

In this country new inventions and greater skill and organization are still enabling the average inhabitant to progress steadily upward on the scale of economic welfare. When Europe finds other and less commendable reasons, it is to cover her own helplessness and fool her false pride.

### LAUGH!

"LAUGHTER, while it lasts, slackens and unbraces the mind, weakens the faculties, and causes a kind of remissness and dissolution in all the powers of the soul; and thus far it may be looked upon as a weakness in the composition of human nature. But when one considers the frequent reliefs the human body receives from it, and how often it breaks the gloom, which is apt to depress the mind and dampen the spirits, with transient, unexpected gleams of joy, one would take care not to grow too wise for so great a pleasure of life," is one of the rarest gems of wisdom that ever came from the pen of Joseph Addison, English man of letters.

These words from the seventeenth century are as true today as they were when Addison conceived them. Men and women in every walk of modern life recognize the value of laughter, how it smoothes life's pathway and lengthens it also.

Shakespeare said "Smile in men's faces, smooth, deceive and cog." But laughter exposes its own deception. The hearty laugh rings true. "Laugh and the world laughs with you," but seek to cover dark thoughts behind your laughter and the whole world knows it.

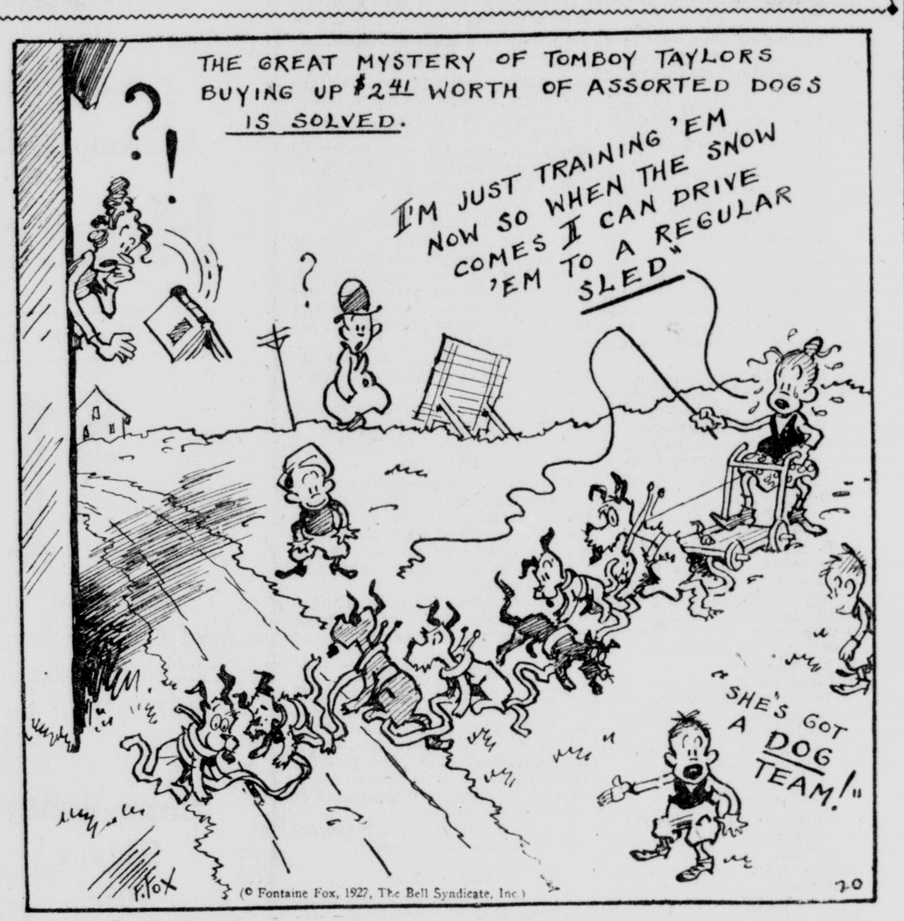

Among the illiterate and impoverished laughter is natural and unrestrained and even cultivated. It makes life endurable. But with those classes which aspire to culture and refinement as society defines them it is usual to bridle one's laughter. A boisterous laughter is considered crude and one who has given vent to such a spontaneous outburst of enthusiasm and good merriment, upon recovering his or her composure, is apt to experience a feeling of depression and humiliation, not because the laughter afforded no relief but because of what others will think. The fault, and it is a fault, is with society not with culture or the cultured individual.

For health's sake let us not "grow too wise for so great a pleasure" as at least one good laugh a day.

Sun sets tonight 5:13. Sun rises tomorrow 6:18.

We noticed an item where a lady had a gentleman pinched for pointing a revolver at her. No doubt he will get life for it. It could have been worse for her—he might have shot at her.

An army officer suggests that if we have another war we draft everything and everybody and not ask a lot of boys and young men to do all the suffering and dying. It will be tuff on war makers if young men get to thinking that way. Young men do not make wars.

People who play golf cannot hit anything, but those who try to drive automobiles can hit anything.

When some persons comes into your office and ask for "Red" it is some redheaded person in your place naturally—not always naturally red however.

A deputy sheriff in New York City went into the operating room of a hospital in spite of the warnings of attendants and arrested a doctor while he was performing an operation. That would have been a good time to have even thrown a deputy sheriff out of a hospital.

Another wonderful new church is going through the dedication period just now. It is the Third U. P. church on East Washington street. The people who attend that church are not rich, but they have the spirit of sacrifice and pay all they can and have paid all they can for some years to get the new church free of debt. They are wonderful people up there and they are doing a wonderful work. They have our best wishes.

We are told that competition in the cigarette field is growing stronger all the time. We notice that the smoke from the cigs is also growing stronger and some birds seem to be trying to smoke them all up also.

The Secretary of the Pennsylvania Board of Health says thermometers should be at from 68 to 72 degrees in every home if the indoors is to be really healthy. No doubt this will cause a rush in the sale of thermometers.

A London college professor declared in a lecture in Pittsburgh that even the pig pen could be architecturally beautiful. Do tell!

Often times the fireman on a steam ship or locomotive leads a cleaner life than the rubber in a Turkish bath.

Plenty of disagreements that end up in court get their start in a club by roadster.

They cannot call an automobile a pleasure car any more if it reduces this nation to one of legless women. That would be taking the joy out of life.

The next president of the United States will have to say where he stands on several questions before he is elected. And we have an idea that any attempted evasions will be detected before it is too late.

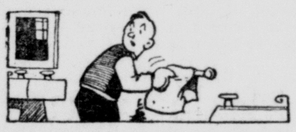

Ex-Governor Pinchot has come back to Pennsylvania long enough to put up a fight against the pardon of John A. Bell, convicted banker of Pittsburgh. Pinchot's specialty while governor was pardoning cowardly murderers. We have no sympathy for Bell nor the murderers.

**BIG BOSS PLEASED**

New Castle, October 17th, 1927.
Mr. Fred L. Rentz,
315 E. Edison Ave.
New Castle, Pa.
Dear Mr. Rentz:

I wish to express my hearty appreciation for the splendid work done by you, as chairman of the Reception Committee, which was so largely responsible for the success of the Convention.

To give you an idea of how your automobile committee was on the job, I will mention one of many incidents which can be given. One of the State Directors met me on the street and was very much disturbed because he had to go to the railroad station and be in a church at a certain time to preside at a departmental conference. I told him to just wait a minute and stepped in a store and called the Cathedral for an automobile; in exactly three minutes the automobile was there and the director taken care of in good shape.

Sincerely,
ROBT. M. STRICKLER, Jr.

P. S. Also extend our thanks to Mrs. Rentz for her assistance.

The first rolling pin murder case is now being heard in the courts of Pittsburgh. Those who think a man murdered his wife wth a rolling pin are wrong. It was the wife who tapped the unruly one on the coco with the kitchen utensil of the modern home.

The city health authorities are causing quite a bit of uneasiness among some kinds of restaurant owners and employees by enforcing the law compelling these persons to keep their hides and raiment clean. Those that wear vests that could be boiled for vegetable soup are greatly peeved at this annoying order.

A radical in your opinion is a fellow who doesn't think the same as you do. Right? We knew it.

The fellow who depends entirely on what the law says about the right of way stands a good chance of putting his family in the way of buying rose wood, and his friends snapdragons.

It's a lot of comfort to reflect that most of the big jobs are held by men who have an embryo bald spot.

Princess Ileana is reported to have tried to elope with a naval officer, a man 36 years old, and a married man, at that. Ileana must have some of the characteristics of her brother, Carol, in wanting to step out and go some. If she is so set on officers, why not let her have that West Poi[illegible] whom she is supposed to have been gone on when she was in this country with Queen Marie?

A fan at a football game in Washington last year who was injured when the stands fell is suing W. & J. College for $25,000 damages. Looks as if the schools, if they are to cater to the thousands in their big games, will have to have stands that will hold the crowds and hold them safely. There is no excuse these days of commercialized college football, in a school with a crack team not having a stadium fit to play in.

The question as to when the new Ford car is coming is just about as important to the people as a whole as who will get the Democratic nomination for President.

The first snow of the season has been seen, so now we can settle down to the predictions of early winter that some of the amateur weather callers have told us about. But a few flakes of snow don't make a winter and we expect to have a good many sunshiny days yet before real old winter comes.

**HUMAN ERROR**

Miller Huggins, the expert manager of "The Yankees", the champions of the American League of Baseball Clubs, speaking before and about the World Series, among other things, said:

"One of the most important angles of any world series is to ignore errors—to dismiss the thought that an error is tremendously costly and beyond repair."

That is good advice and applicable to everyday activities. "To err is human." We all make errors, but we can make amends. The point is not to make too many errors, and to try not to make the same error the second time.

It has been held that if women want to smoke in trains they must use the regular smoking cars and nowhere else. They cannot smoke in the private compartments any more than the men can. When the ladies start going to the smoking car to get a whiff, man's last chance of getting a train seat has vanished.

George Remus, the man who pulled his wife out of an automobile and shot her to death, now claims he is insane, and he should be if he expects to escape getting burned for his crime. From where we live there is little or no excuse that can be given for Remus' shooting, and he will have a hard time explaining it to a jury, whether of men or women.

Earl Carroll, who gave a now very infamous bathtub party, has been paroled from the federal prison. Carroll is quite a comedian, but we'll wager a good deal that he will crack no jokes about bathtubs, prohibition or perjury.

**TODAY'S STORYETTE**

On his tour of the district a school inspector came before a class of girls. He wrote upon the blackboard, "LXXXX." Then, peering over the rims of his glasses at a good looking girl in the first row, he said:

"I'd like you to tell me what that means."

"Love and kisses," the girl replied.

**When Japanese Swim.**
**An Egg for Babe Ruth.**
**Fidelity? What Kind?**
**Two Bottles, 3 Deaths.**

By ARTHUR BRISBANE
(Copyright, 1927, By N. Y. American, Inc.

Japan prepares a flight from Tokio to Seattle and mark this: IF THE JAPANESE START FOR SEATTLE THEY WILL FLY TO SEATTLE. They are thorough.

Have you ever seen sailors of Japan's navy swimming? Led by an officer they swim in wedge shape formation, each man keeping his proper place in the water, all keeping time with even strokes as in marching. And thus they swim in the ocean 20 miles at a time. Men of that sort will fly the Pacific if they undertake to fly it.

At Omaha, Babe Ruth received as token of his greatness an egg laid by Lady Norfolk, champion hen of the world.

It was the one hundred and seventieth egg laid or batted out by that hen in 170 days. Ruth remarked: "A hen's egg by the river's brim, a simple hen's egg was to him and nothing more" and went on with his batting It would surprise the idol of America to know that such a hen as Lady Norfolk is more important to the country than all its baseball players.

Mrs. Elinor Glyn, who usually knows more about the human heart than the heart knows about itself says physical fidelity is necesary in marriages.

The true woman requires, says she "only mental and physical fidelity." Police court records do not support that theory. Marriage was designed to make men take care of their children and to make husbands more civilized through self-control.

Some mysterious wisdom tells wives that mere mental and physical fidelity is not sufficient insurance for children or mother.

"Explanation of our modern crime wave?" Nothing complicated about it say Chicago policemen.

They mention Wilfred J. Winters, 21 years old; Margaret Martin, 18, and Catherine Stadler, 19 friends all their lives. After young Winters had shot both girls to death and killed himself in his automobile the police held up two empty moonshine bottles saying: "There's your explanation."

Senator Borah says he will keep after both political parties and make them put a plank on prohibition in their parties.

They might include a plank on young Mr. Winters and the inability of the government to keep whisky away from him. Prohibition in the Constitution does not mean much unless you can have it in the automobile also.

The American Federation of Labor favors a five day week, giving the worker two days out of seven.

Russia's government, exercising all powers, establishing a seven-hour work day, a long step from the serf of old Russia.

Henry Ford, who started the five-day week, wants men to have one day in which to spend what they earn in five. Spending is as important to the country as earning says Ford.

The value to workers of a seven-hour day, or five-day week, depends on what they do with the extra day or hour of freedom.

If they read and think more, they will go ahead. If not they will stay in the same place, but in any case the greater leisure will improve their health. That will make a better next generation inclined to thought.

Robert A. Millikan, brilliant scientist of California Institute of Technology, tells students that science "will free human slaves" meaning, presumably that science will free men from hard labor.

Pray that it may not happen too soon. Free men today from the necessity that drives them and 99 in 100 would become worthless. If you doubt it, contemplate those that inherit wealth in so-called society.

The American Public Health association gathered at Cleveland is told that today's greatest cause of death is heart disease and repeated infections such as "common colds' to which so little attention is paid cause heart disease. The trouble starts often in childhood with childhood's diseases, all of which might be avoided. This should interest parents of the dark ages type who think "the children might as well have measles and such little things first as last and get them over with."

Basil Stewart solemn and British, predicts a great war to begin in May 1928 ending in 1936.

Fortunately he bases his prediction on "the symbolism of the Great Pyramid" and "prophetic forecasts of the Bible." When the Bible was written modern war methods were unknown and forecasts of that period could not apply to airplane, TNT and gas bomb warfare.

### LOOKING BACKWARD

H. Seton-Karr, a noted traveler told the Anthropological Section of the British Association for the Advancement of Science the other day that the savage state of existence was the most ideal.

We have often had the same feeling. We have looked over the fence and envied the pigs in their sty. There are many of us who look back at the Middle Ages and wish that we might enjoy the simple life as they used to.

Many people object to sending missionaries to foreign lands, such as China and Africa, because the natives are much better off in their original state.

But it won't do. Civilization has its diseases and advancement its drawbacks, but on the whole we are better off than we used to be. Summing it all up, the advantages are in favor of a civilized community.

We may have nervous prostration and hardening of the arteries, but at least we don't live in the days of human slavery, days when dueling was in vogue and "civilization was upon a dung heap", as was the case in the Middle ages.

Men are no longer tortured for their religious beliefs, and it is no longer the custom in the United States for the host to get drunk and outdo his guests in the business of rolling under the table.

On the whole, we prefer to be civilized, although there is no doubt that civilization has its drawbacks.

The trouble is that retrogression may be all right for animals, but will not do for people with minds.

It is the mind that is forever groping forward and the mind that is continually progressing.

A Southern slave, a black man, having escaped from the South, came to a judge in Cincinnati and wanted help in getting to Canada.

"Why," said the judge, "did you not have a kind master and were you not treated well, with plenty to eat and a good place to sleep? What did you want to run away for?"

"I don't know, judge," replied the colored man. "I jest can't exactly say—but the place is open down there if you want it."

### WHATEVER YOU ARE—

When you are doing as you please is what you really are.
In an emergency is the real test of your ability.
When you are under fire is the actual test of your heroism.
When you are being praised is a good test of your character.
When you are defeated is an indication of your power to succeed.
When you have been driven back to your two yard line is your best self.

## The World AND THE Mud Puddles

### THE SUPERMAN

Mrs. Mary Harbison of San Diego is well known to New Castle people. She was the daughter of Joseph White, and although she has lived in California a long time, there are a great many of her relatives living yet in Lawrence County. She is now 86 years old, and not well. She was not well enough when Colonel Lindbergh returned to San Diego to go to the Stadium to see him. She is yet intensely interested, in spite of her age, in everything that goes on, and was dreadfully disappointed. Motorcycle Patrolman Neely of the San Diego police force, who was one of the Lindbergh guard, heard of Mrs. Harbison's plight, and as the automobile carrying Lindbergh left the Stadium, he suggested to the flyer that they go out of their way a few blocks to make Mrs. Harbison happy.

Making people happy is one of Lindy's long suits. He has never failed yet to go out of his way, and go a long way out of his way to visit the sick and afflicted, in hospitals and elsewhere. In this instance he was just as ready. He immediately assented, the route of his automobile was changed, and as he went by Mrs. Harbison's home in Twelfth Street, she was awaiting him. His friendly greeting and wave of his hand as he drove past was rewarded by a happy smile, and Mrs. Harbison is smiling yet.

### WORK

Youth is swiftly done,
Men are quickly made,
Fortunes are begun
On the lowest grade.
Colleges and schools,
Parents, rich and proud,
Turn out many fools
Splendidly endowed.

What you learn is not
Whether false or true,
Worth the tiniest jot.
Only what you do
Counts with passing time.
Life wants sturdy wills.
Who desires to climb
Has to brave the hills.

Hard at work today
Are tomorrow's men,
Boys who'll learn the way
To be masters, when
Time shall bring the chance.
Eager, keen and wise,
Seeing at a glance
Where their fortune lies.

Pleasure may be sweet,
But in pain it ends;
Pride and self-conceit
Pay no dividends.
Colleges and schools
Ought to pound this in:
Those who shirk are fools
Only workers win!

## In Day's News

Dr. Lee De Forest, whom the United States circuit court of appeals has held to be the inventor of the feedback circuit, without which present-day radio would be impossible, is one of the pioneers in wireless telegraphy and telephony. His discoveries and inventions in this field have been numerous and of the utmost importance in the development of wireless. Dr. De Forest had made a name for himself as a scientist before his 25th year. He was born in Iowa in 1873 and received his technical training at Sheffield Scientific School. He was one of the first to give attention to the development of wireless in a commercial way. In addition to wireless he has also given attention to the improvement of motion pictures. In 1923 he was awarded the Elliott Cresson Medal for his invention of the audion or three-electron vacuum tube.

### "A MAN OF PRINCIPLE"

In Cincinnati one of the most notorious crooks of this generation is caught murdering his wife. This man is an ex-convict, bootlegger, briber, grafter and corrupter of government. And when he is caught red-handed after shooting his own wife down in a public place, he says to the reporters:

"I am a man of principle. I have never smoked, not even a cigar. I never drank intoxicants. I never swear."

* * *

Well, it would be idle to heap abuse upon George Remus. His day of mortal reckoning is upon him, he will soon find himself without the friends that his millions of ill-gotten dollars once bought for him. His lot is sad enough. I would not cast a single stone to make it any worse.

But we observe here an interesting human characteristic. It is difficult to find a man who does not think pretty well of himself. I have heard the most depraved criminals talk themselves completely out of breath, reciting their own virtues.

As a general thing, men are better at this than women. Sometimes a woman, in prison, in disgrace, or in a corner, will remain altogether silent, either because she is too badly scared to talk, because she is crying too hard to permit of speech, or because she retains enough womanly dignity to realize that there is nothing to be said.

But I have never seen a man who could not find plenty of words with which to make you understand that it wasn't his fault and that he is really quite a remarkable fellow whose good points have been overlooked.

* * *

Doesn't it seem rather remarkable that a man who has just committed murder can boast, self-righteously, that he does not use profane language or liquor or tobacco?

But that, again, is all too human. The great sins are the sins that we are not guilty of. The bank-robber will boast that he does not cheat at cards. The pickpocket will tell you how noble he is because he doesn't beat his wife. And Remus, with a woman's blood upon his hands, tells the world that he is a man of principle, for he neither drinks, smokes nor swears!

There is nothing so interesting, I think, as the human race.

**RAINBOWS FOR MEN**

Bristol red, sunshine yellow, Black Hills blue and some other colors are announced as new shades for men's suits. Why not? Why must man somberly clothe himself in drab and let woman get away with all the beauty in the world in her raiment? We are too much the creatures of habit—habit without a real purpose behind it. It might add to the harmless gaiety of our lives if we had the courage to wear brighter colors.

More good news from the figure makers. Crops for 1927 are reported better than for 1926. Corn is fair in the west and poor in the east. Wheat is good in part of the country and fair elsewhere. If somebody between the farmer and the city dinner table doesn't make too much money, we may have lower food prices. As it is, food prices are lower than they were a few years ago. **SAPPODILS**

Sappodil is a new word and a good one. It is a combination of sap and daffodil. A sap is a fool or nearly a fool. A sap who is pleasant and agreeable and an easy mark at the same time is a sappodil. He is gentle, like a daffodil, but he doesn't amount to much. To be a "good fellow" unless it helps somebody who needs help or achieves a distinctly worth while result is not worth the effort. Too many "good fellows" are what they are simply because they haven't the courage to be anything better.

**SPEEDING UP**

If you don't believe the world is changing, note the proposed law in Cook county, Illinois, where Chicago is located. The old world loiters less—and is less happy as loitering goes out of fashion.

**JUDGE IS RIGHT**

A Wisconsin judge refused a foreigner his citizenship papers because the man had been convicted of driving an auto when drunk. He will have to wait five years more for his next naturalization process. This is a wise judge. A man who will equip himself for murder by driving an auto when he is drunk ought to wait in jail until citizenship papers are granted. And then he ought not to get them.

## Blue And Gold For Auto Licenses

(International News Service)

HARRISBURG, Oct. 20.—Following the custom of alternating the color of the numerals and background, Pennsylvania auto license tags next year will have blue numerals and letters on a background of gold.

A list compiled by the Pennsylvania motor federation shows that only two states, California and Missouri, will use the same colors although not the same combination as Pennsylvania.

New York tags will be yellow numerals on a black background and New Jersey's will be white numerals on a sky blue background. Virginia will use orange numerals on a black background while those of West Virginia will be a green background with white letters and numerals. Tags issued by Ohio will have a dark blue background with white numerals and letters.

Sciatic-Neuritis

The sciatic nerve, situated at the back of the hip joint is frequently the subject of Neuritis, giving rise to the painful disease Sciatica. The symptoms are intense pains which shoot down the thigh to the foot, often aggravated by walking, and with painful points along the course of the nerve, very tender to the touch.

The trouble is a very obstinate one and does not readily respond to ordinary treatment. It takes more than the usual pain sedative even to alleviate the pain. The best way to get relief from the persistent nerve racking pains of Neuritis is to get a bottle of Allenrhu Special Formula No. 2, which comes in capsule form. Take them as directed and in about 24 hours you should be able to notice that they have considerably reduced, if not almost banished, all pain and soreness. Continue faithfully and in a reasonable time you should be able to work and rest in comfort once again. McKee's Kut Rate keeps Allenrhu Special Formula No. 2 in stock all the time and sells lots of it.

## Beggar's Opera Favorite Of George Washington

It is said that The Beggar's Opera made "Gay rich," and "Rich gay" for John Gay was the author and John Rich the original producer when it ran in London for sixty three consecutive nights beginning on January 29, 1728, a precedent that was not surpassed for many years later.

In the strict sense of the word, this gay old play is not an opera at all, but a musical comedy that was written before the time when the amusement world began to produce musical comedies. In fact at the time The Beggar's Opera was produced, England was passing through the stage from which America liberated herself very largely during the World War, namely, the practice of slavishly stooping to things of foreign origin in matters of Art. At the particular time involved, Italian Opera in England was seriously overrunning local Art, and in addition, the political life of England was in a bad condition. Consequently John Gay, whose name stands fast on the pages of English Literature, produced the libretto for the Beggar's Opera in conjunction with Alexander Pope, Dean Swift, and Joseph Addison, and called upon Dr. Arne, Purcell, and Handel for some of the music with the result that there are some sixty old airs in the play of English, Welsh, Scotch, and Irish origin.

Thus it is seen, that these great characters in English History had two purposes in bringing out the Beggar's Opera at that day, and these purposes must be understood to get the greatest appreciation from seeing this famous old play that looks good for another two hundred years, on its first New Castle performance at Scottish Rite Auditorium on Tuesday, November 1st. It was intended as a burlesque on the absurdities, both dramatic and musical, of the Italian Opera as it then flourished, and in the second place it was intended as a satire on the politics and criminal laws of the day. Graft was everywhere rampant, particularly in the courts of "justice." Hanging was an everyday punishment for such trivial offenses as shoplifting, pocketpicking and the like, and even women suffered hanging and deportation for similar small crimes. It was the same kind of government that fanned the fires of rebellion in the American colonies and precipitated the American Revolution. Probably this is the reason the Beggar's Opera was George Washington's favorite play when it came to America in the 18th century. In any event, it was first launched in the stage of London with much fear and trembling as to how the government of Sir Robert Walpole, then in control of the British Empire, would take it. Walpole was in a box at the initial performance. The success of the play was so instantaneous that Walpole found it wise to laugh with the people and so made very little effort to suppress it, revealing remarkable wisdom.

The humorous satire is the hardest thing the politician has to suppress. The humorous jabs of a Mark Twain or a Will Rogers, carries more weight than a bitter, vicious open attack. New Castle should see this historical "musical comedy."

# Uncle Sam Plans To Operate University For Federal Agents

## On November 1 All District Officials Will Get Call To Washington

## Will Teach Dry Officers How To Enforce Prohibition Amendment

By ROBERT S. THORNBURGH,
International News Service Staff Correspondent

WASHINGTON, Oct. 20.—Uncle Sam has prepared to open his first university for prohibition agents.

On November 1 representatives of all district dry offices in the United States will be called to Washington to learn how to enforce the prohibition law.

Ater getting an EDP. (Extra Dry Prohibition) decree they will return to their offices to open district schools for other officials, agents and inspectors.

The instruction course will be complete and, according to officials, will eliminate much waste motion and eliminate all haphazard methods of enforcement. The major course will include:

(1)—Conduct of raids.

(2)—Legal methods of search and seizure.

(3)—Use of padlock injunctions.

(4)—Proper employment of undercover agents.

(5)—Relationship between prohibition enforcement and legitimate business.

(6)—Regulation of alcohol plants and breweries.

**Plan Strong Machine.**

Dr. J. M. Doran, prohibition commissioner, is endeavoring to build up a prohibition machine which will operate with the minimum of friction with the public and legitimate users of alcohol and liquors. To accomplish this result it was regarded as necessary that all personnel of the dry army should have a thorough schooling in legal and technical phases of enforcement.

No effort however will be made to bring about centralization of control in Washington. So far as possible the prohibition bureau chiefs are decentralizing control and putting in the hands of the administrators responsibility for all phases of enforcement except the drafting of major policies.

Repofts to prohibition "GHQ" show that a number of administrators have launched a drive against school and college bootleggers. Assistant Secretary of the Treasury Seymour Lowman recently had requests for co-operation from university presidents and instructed administrators to open a drive against this class of violations.

In some cases it is understood "spotters" have been placed in college dormitories to determine the source from which students were buying liquors.

# Former Musical Comedy Star Is Killed By Drop

(International News Service)

NEW YORK, Oct. 20.—Miss Jane Johnson, 18-year-old dancer of Kansas City, Mo., former star of the "No, No Nanette," road company, plunged to her death from the twelfth floor of the Claridge Hotel where she had been living with her mother. Her body, landed on the roof of a shed in the rear courtyard of the hotel. Her father is Earl Johnson, a Kansas City business man.

# The Daybook OF A New Yorker

BY BURTON RASCOE

Exclusive Central Press Dispatch to New Castle News.

NEW YORK, Oct. 20.—Clustered about the subway station at Hunt's Point are a half dozen dog-eared, mangy-looking trees, scores of benches and an incredible amount of dust. All about are large business buildings and streets crammed with heavy traffic, for this is a very busy section of the Bronx. Apparently every mother in the neighborhood comes to this dubious oasis every day.

It is always crowded with women and children and perhaps a few old men. They sit there, all day long the roar of a busy city drumming in their ears and placidly gossip. This is one of the most domestic spots in the city, comparable to the parkway along Riverside drive. All of which makes it a queer, unnatural sort of place. It is as if one were to see a crowd of mothers and children spending the day in camp chairs behind the Times building.

* * *

Add sidewalk amusements: Forty-third street, between Fifth and Sixth avenues, is being repaved, and a number of devices over and above the usual tools employed in this work are fascinating to pedestrians. Perhaps the biggest drawing card is a portable furnace. This is merely a large sheet of steel, acting as a bottomless furnace which can be slid along the street. It is attached to the rear of a small truck from which oil is pumped underneath. A roaring blast results, which cooks the new paving in short order. And for some unknown reason a portly and truly beautiful fire engine is parked on the street all day long. Two haughty firemen sit unmovingly on the front seat, never deigning to look at the gaping multitude clustered about.

* * *

Boys earning their way through at Columbia and at New York university have unearthed a novel if perhaps degrading sort of job. For 25 cents an hour, they conduct and supervise the exercise of dogs. Many a lady is too weary to accompany her pet Pomeranian on his daily constitutional, and is ready and anxious to have it done for a quarter. Most of the boys take out five and six dogs at a time, which gives them a fairly profitable wage.

* * *

Seen here and there:

A boy and a girl enter Thompson's restaurant in the Grand Central station, both dressed in the regulation immigrant attire, with their identification tags. A sweetly smiling elderly woman is with them and it is she who orders the food and counts out the price of it from the boy's pocketbook. The two children are embarrassed and cowering. All about them they see what must seem to them magnificently dressed people. But the crowd of diners appreciate them, and eye them with affectionate and solicitous interest.

A girl is riding in the subway, studying what is obviously a textbook. Every little while she will close the volume, stare into space, and her lips will recite an inaudible formula. The woman sitting next to her watches, comprehends, and smilingly takes the textbook from the girl. As she holds the volume, the student can be overheard to recite, "Amo, amas, amat," and so forth—the first declension of the Latin verb, "to love." She who holds the book, corrects her pupil now and then. Thus do casual strangers assist each other.

**The Best Cough Syrup Is Home-made**

Here's an easy way to save $2, and yet have best cough medicine you ever tried.

You've probably heard of this famous home-made cough syrup. But have you ever used it? Thousands of families feel that they could hardly keep house without it. It's simple and cheap, but the way it takes hold of a cough will soon earn it a permanent place in your home.

Into a pint bottle, pour 2½ ounces of Pinex; then add plain granulated sugar syrup to fill up the pint. Or, if desired, use clarified honey, instead of sugar syrup. It tastes good, never spoils, and gives you a full pint of better cough remedy than you could buy ready-made for three times its cost.

It is really wonderful how quickly this home-made remedy conquers a cough—usually in 24 hours or less. It seems to penetrate through every air passage, loosens a dry, hoarse or tight cough, lifts the phlegm, heals the membranes, and gives almost immediate relief. Splendid for throat tickle, hoarseness, bronchitis and bronchial asthma.

Pinex is a highly concentrated compound of genuine Norway pine extract and palatable guaiacol, which has been used for generations for throat and chest ailments.

To avoid disappointment, ask your druggist for "2½ ounces of Pinex" with directions. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

# May Summon Several Government Officials In Remus Murder Case

## Defense Attorneys Scour Country For Witnesses In Impending Trial

## Likely That Attorney-General Sargent Will Be Called To Witness Stand

(International News Service)

EN ROUTE FROM ATLANTA, GA., TO WASHINGTON, D. C., Oct. 20.—That official Washington will become enmeshed in the Remus trial is the promise of Attorney Charles Elston and First Assistant County Prosecutor Carl E. Basler, who are touring 20 states seeking evidence that will be used for and against George Remus, former "king of the bootleggers", when he is tried for the killing of his wife, Imogene Remus, in Cincinnati next month.

A members of President Coolidge's cabinet and many others high in the official life of Washington are expected to testify.

The cabinet member is Attorney General John H. Sargent.

In addition, Mrs. Mabel Walker Willebrandt, assistant United States attorney general in charge of criminal prosecution; Edgar T. Hoover, chief of the department of justice; Dr. E. L. Doran, in charge of the nation's liquor forces; former Prohibition Commissioner David H. Blair and many other minor officials have been subpoenaed and are expected to give important testimony.

According to Attorney Elston, the purpose of taking depositions from Sargent and others in Washington is to have advantage of the information gathered by Tom Wilcox, agent in charge of the Detroit office of the department of justice during the government's investigation of the activities of Franklin L. Dodge, Jr., former ace of the department of justice, and Imogene Remus.

Attorney Elston hopes to secure the acquittal of Remus if permitted to use the information contained in the department of justice records as evidence.

**Scores Officials.**

Already it has been charged by George L. Remus from his murderer's cell in the Hamilton county jail that those responsible for the enforcement of the law in Washington have been lax in meting out justice to Franklin L. Dodge and Mrs. Imogene Remus.

Remus has charged that someone high in the office of the United States attorney general is responsible for the apparent immunity of Dodge and Mrs. Remus.

Whether or not testimony will be developed to prove these charges will be brought out during the Washington inquiry, is a matter of speculation.

It is believed that Attorney Elston will conduct his inquiry and attempt to establish as evidence the charges made by Congressman F. L. Laguardi who, during the last session of congress, charged that the prosecution of the former department of justice ace and Mrs. Remus had been neglected by the government.

The deposition party will arrive in Washington late from Atlanta, Ga., where important depositions were taken from Warden John W. Snook and United States District Attorney of Northern Georgia Clint Hager.

**New Witnesses.**

It was learned from Attorney Elston that several new witnesses were uncovered by Remus' investigators in Atlanta, Ga. One of these witnesses, according to Attorney Elston, will prove conclusively the illicit relations of Mrs. Remus and her alleged lover Dodge.

This witness, according to Elston, has consented to appear in open court and testify for the defense. For that reason no deposition was taken from this witness.

It was also learned that three other witnesses who were to have given depositions in Atlanta today have consented to appear personally at Cincinnati for the trial.

**Mystery Woman.**

From reliable sources it was also learned that the state had uncovered a mystery woman witness at Birmingham, Ala. This woman, whose name was not divulged by First Assistant County Prosecutor Carl E. Basler, communicated with Mr. Basler by long distance telephone from Birmingham, Ala., and is believed to have divulged valuable information concerning Mr. Remus while he was confined at Atlanta penitentiary. This witness also has promised to testify for the state during Remus' fight to save his life from Ohio's electric chair.

According to the telegram recieved by Basler from County Prosecutor Charles E. Taft II, Harry Brown, brother of Mrs. Imogene Remus, will join the state at Washington and assist in the development of the state's case.

It was also learned today that George L. Conners, first lieutenant of the former bootleg king, will join Elston in Washington.

The first Washington depositions will be taken Friday morning in the office of Jess C. Adkins.

## "Garbash" Makes Good Fertilizer

### Local Citizens And County Farmers Can Secure Free Supply

### CAN OBTAIN 'GARBASH' AT LOCAL INCINERATOR

Are there any farmers in Lawrence county who would like to make their soil more fertile with "garbash"? If there are they can get the "garbash", rich in fertilizing quality, free of cost from the city of New Castle, according to Howard Phillips, superintendent, local incineratoring plant.

Phillips stated today that one farmer has made arrangements to secure 100 truck loads which he proposes to use as fertilizer. According to Phillips the farmer declares it is mighty good fertilizer for the ground.

"There are several more hundred tons at the garbage plant" said Phillips, and "if any farmer, or any person in New Castle desires to make his farm or garden more fertile all he need do is to make application and haul the 'garbash' away."

The name, "garbash" is applied because the fertilizer is nothing but ashes from the garbage that is burned at the garbage plant. It is fine, can be placed in bags, or shovelled into trucks. Probabilities are that many farmers, in need of fertilizer, will avail themselves of Phillips offer which has the sanction of his municipal superior officers.

## Two Automobiles In Collision

### Cars Collide Last Night On Ellwood-New Castle Road

State police today received a report that two automobiles were in collision along the Ellwood City-New Castle road last night, but no persons were injured.

According to the report they have received, a horse and wagon and also an auto were journeying toward Ellwood City and an automobile was coming toward New Castle.

The two automobiles met. They were damaged. The wagon was not damaged and the horse and persons concerned in the accident escaped without injuries.

## Riding In Air Costs On These Long Hops

SAN FRANCISCO, Oct. 20. — The price of an airplane passage from San Francisco to Australia is—in case anybody cares for the quotation — $15,000.

The figure has been set by Captain Charles Kingsford-Smith, commander of the monoplane Southern Cross, being groomed for a flight to the Antipodes soon.

Several young women have applied for passage but none had that much money to spend for the ride, Kingsford-Smith said.

"It is purely a business proposition," the commander declared. "We furnish the plane. It is up to the passenger to furnish $15,000."

## McLure Case Is In Hands Of The Jury

The case of Isabelle Burke McLure, for damages for injuries sustained by a fall down stairs at the store of the New Castle Dry Goods company which has been on trial in Lawrence county court before Judge Chambers went to the jury shortly before noon today. Mrs. McLure claims that the accident was due to slippery condition of the stairs which had been recently washed.

## Verdict Returned For Jacob Pizor

In the case of Mr. and Mrs. Jacob A. Pizor against George Houk, for injuries in an automobile accident, which was tried before Judge Hildebrand in Lawrence county court yesterday, the jury returned a verdict of $500 in favor of Mr. Pizor and nothing to Mrs. Pizor. The case resulted from a collision on the New Castle-Ellwood road near the poor farm.

## Rush Of Hunters To Secure Licenses

County Treasurer David Nessle reports that many hunters are securing licenses for the coming season. To date 2,100 licenses have been issued. He suggests that prospective hunters get their licenses at once, as there is always a great rush just before the opening of the season.

## Held On Charge Of Pointing Firearms

Thomas Lee, colored, was held for court following a hearing before Alderman Mantz on a charge of pointing firearms, the information having been made by Mary Crawford. While the litigants reside in this city, the alleged offense was committed in Wampum and grows out of some former trouble. Plaintiff claims that Lee met her on the street at Wampum and after some words pulled a gun and pointed it at her. Lee claims that he had been repairing an automobile and had a hammer sticking in the pockets of his overalls. He says that it was the hammer and not a gun that he pointed.

### DAMAGE CASE IS ON TRIAL AT COURT

The case of Miss Helen Moseley against Edie R. Miller of Bessemer, for $5,000 damages for injuries sustained in an automobile accident, is on trial before Judge Hildebrand in the Lawrence county court today. Miss Moseley with her father, J. L. Moseley and sister Ruth, were guests of Mr. and Mrs. Edie R. Miller at Bessemer on January 20, 1926. They remained over night and the next evening Mr. Miller started to take them home in a sedan.

As they approached Mt. Jackson it is claimed that Miller was driving at a high rate of speed. The road was slippery and as he turned the corner at Mt. Jackson the car skidded striking a telephone pole on the northeast corner of the street. Miss Moseley was quite seriously injured.

The professor in a college that has a great coach doubtless knows how a famous woman's husband feels.

## When Baby Complains.

THERE ARE MANY WAYS a baby has of expressing any pain or irregularity or digression from its normal condition of health and happiness. A short sharp cry, a prolonged irritated cry. Restlessness, a constant turning of the head or of the whole body, fretful. In these and other ways a baby tells you there is something wrong. Most mothers know that a disordered stomach, or bowels that do not act naturally are the cause of most of baby's sufferings. A call for the doctor is the first thought, but in the event of any delay there should be ready at hand a safe remedy such as Fletcher's Castoria.

Castoria has been used for baby's ailments for over 30 years and has merited the good will of the family physician in a measure not equalled by any other baby's medicine because of its harmlessness and the good results achieved.

And remember this: Castoria is essentially a baby's remedy and not a cure-all for every member of the family. What might help you is too often dangerous when given to a babe.

## Children Cry For Fletcher's CASTORIA

### Let's Think It Over.

There is such a thing as saying too much on any subject, and the "grand-stand" talker sooner or later becomes a bore. The truth is always welcomed, and the truth reiterated and confirmed is more than welcome—it reaches your innermost soul.

Fletcher's Castoria is all its advertising has claimed for it. Scrutinized by the microscope of public opinion and used for over thirty years it stands without a peer in the hearts of thoughtful, cautious, discerning Mothers. And once used, mother love—there is no substitute for mother love—will scorn to try a "substitute" or a "just-as-good".

Masquerading under many names drugs that are injurious to the tender babe have found their way into some households, but the light of experience soon casts them out. Are they cast out before it is too late?

## West Side School Class Makes Record

### Maintains Hundred Per Cent For Attendance For Six Week's Period

A record that would be hard to beat has been made at the 6B class at the West Side School which, according to R. G. Leslie, principal of the school, have for six weeks maintained a 100 per cent attendance with the exception of one boy who was absent a day when on a trip over the mountains to Altoona. Miss Theresia Cover is their report teacher.

Miss Cover says that the other members of the class were quite provoked at the one boy who spoiled their record by his trip. He was penalized by telling the remainder of the class of his trip in detail.

The class also have made a 100 per cent record in Thrift Saving, each pupil having saved at least one coin a week. One little girl who has no means is given the opportunity of earning a coin by work for other pupils.

The members of the class who have not missed a day are as follows: Andrew Adams, Harry Davis, Charles Doher, Charles Hill, Robert Hilliard, Eugene Johnson, George Liversage, Finley Matthews, Glenn McQuiston, Samuel Schuller, Ralph Thomas, Raymond Webber, Robert Winger, Elsie Boalick, Edith Campbell, Margaret Campbell, Mildred Campbell, Katherine Chirozzi, Deebe Habib, Augusta Hitch, Anna Hnat, Margaret Johnson, Dorothy Keely, Dolores Leese, Josephine Morsell, Dorothy Osborn, Grace Patton, Bernice Probst, Dorothy Rice, Catherine Ryan, Lucille Winter.

## Gas Consumption Increased In 1926

(International News Service)

HARRISBURG, Oct. 20.—Gas consumption in Pennsylvania during 1926 increased, while prices show a slight decrease, according to figures made public today by James F. Woodward, secretary of Internal Affairs.

The average price for natural gas in 1926 was 0.4723 per thousand cubic feet compared with 0.4736 in the former year. The average price for manufactured gas last year was $1.14 as compared with $1.15.

The use of natural gas in 1926 was 119,481,919,000 cubic feet, an increase of approximately seven million cubic feet. Manufactured gas consumption for 1926 was placed at 30,501,187,000 cubic feet, an increase of almost three and one half million feet.

During the past year the estimated value of the capital investment in the industry also increased. In 1926 the investment in the natural gas field was placed at $124,016,008, a $14,000,000 increase over 1925. The manufactured gas investment in the past year was estimated at $174,791,679 as compared with $109,054,645 in 1925.

At the close of the year there were 15,010 productive wells in the gas fields. Out of a total of 942 wells drilled during the year, 761 were productive. There were 264 wells abandoned.

The industry employed an average of 14,566 men during the year and the payroll totaled $21,691,670.

## Philippino To Make Address

Pedro M. Blanco, a native Philippino, and a well-known lecturer, traveler and writer, will make an address before the students of the Senior High school Monday morning, Oct. 24.

Mr. Blanco will discuss different phases of the Philippine question confronting the United States today.

## High Students To Get Reports

Students of the Senior High school will receive their marks for the first six weeks of school work on Monday, October 24. However, they will not be permitted to take their reports home for a day or so afterwards, as the marks must be transferred to their permanent record cards for filing.

The honor roll for the first period of school will be announced soon afterwards.

## Colds That Develop Into Pneumonia

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the gratest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the infected membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. (adv.)

## Collegians Elect Class Officers

### Grove City Senior Class Largest In History Of College

GROVE CITY, Pa., Oct. 20.—Joseph F. Murray, of Conway, Pa., was elected president of the Senior Class of Grove City College last evening at a meeting of the class at Cernegie Auditorium. Murray was president of the class last year and was re-elected by a large number of votes.

Other officers chosen to head the class are as follows: vice president, Herbert Fawcett, of DuBois; secretary, Janet Foulis, of Kittanning; treasurer, Frank Atwell, of Bellevue.

Class representatives on the Student Council are: Ted Rosenberg, Robert Pflug, Winifred Walter, Joe Murray, Helen Holstein, and Mary Hayes. Bob Pflug was chosen to represent the class on the Athletic Council, but the remaining members to be chosen have not been named.

The Senior Class this year is one of the largest in the history of the school and may exceed the number to be graduated last June. Last year's class numbered one hundred and seventeen and was the largest graduating class up to date.

## Statue Of Joseph Baldwin Unveiled At Missouri College

A life size statue of Joseph Baldwin a pioneer educator of New Castle and founder of State Teacher College at Kirksville Mo. was unveiled this morning at that school where the Northeast Missouri Teachers association are meeting in annual convention.

This year being the centennial of the birth of Baldwin and the 60th anniversary of the founding of the college has been chosen as a fitting time for this ceremony. Miss Lucy Simmons, profesor of history at the college has written a history of the institution which will be published as a memorial of the 60th anniversary of the school.

The full morning session of the teachers convention was given over to the memorial exercises which included a sketch of the life of John Baldwin, a review of the history of the Teachers College, Baldwin Memorial address by Dr. Albert Edward Winship and the unveiling of the statue by a member of the Baldwin family and responses by Dr. Eugene Fair and the Hon. Charles A. Lee.

## Judge Thomson Ready To Quit

### Federal Judge In Pittsburgh Asks Coolidge For Permission To Leave Bench

(International News Service)

PITTSBURGH, Oct. 20.—Federal Judge W. H. S. Thomson, of the United States District Court here today awaited word from President Coolidge to his request to be allowed to retire from the Federal bench in this city, after more than 13 years continuous service.

In a letter addressed to the President, Judge Thomson informed the Chief Executive that the work had become too strenuous, and his physicians had advised his retirement.

Judge Thomson blamed the Volstead law for the increased burden upon the Federal courts. Stating that a "great multitude of cases, criminal and civil, arising under the Volstead Act had related Revenue Department" had been added to the work of the judges.

"This is illustrated," Judge Thomson said, "by the records of the court showing about 2,000 cases charging violations of the Volstead Act awaiting disposition, many of which may involve difficult constitutional questions of prime importance to the citizen."

## PETER'S ADVENTURES in ANIMAL LAND

BY MRS. FLORENCE SMITH VINCENT

### WHY LITTLE POSSUM WOULDN'T RUN AWAY

Peter was so perfectly sure the little fellow had badly hurt himself when he fell that when the boy saw the rascal hop to his feet and scurry to his mother, not one bit the worse for his tumble, he was too surprised to do a thing but stand with his mouth wide open, staring at the queer pair. At last Peter did manage to stammer:

"A regular April Fool trick! I'd never have believed you would ever run again, youngster, if I hadn't seen it with my own eyes. 'Playing Possum'. That's what you were doing——"

Peter stopped short. Suddenly the mystery was solved.

"Playing Possum! Why, you're a Possum!" cried the boy, and glanced half shamefacedly at mother.

"To think that after all the hints you gave me, until this very moment. How stupid you must have thought me!"

Mrs. Possum nodded and dropped from the branch to the ground beside the boy.

"I certainly did," answered she, frankly. "And I must say that when you made all those guesses and not one of them right, I began to grow angry. I have always been so proud of belonging to such a famous family. But with all I did and said I couldn't make myself known. It took Sonnykins here to make you recognize us for whom we are. I told you he was clever."

Mrs. Possum waved a paw at her small son. "Come child! You have been out of mother's pouch long enough. And though you wouldn't own it for the world, I am sure your little body aches from that fall."

Mother Possum bent over, picked up her venturesome baby and tucked him into her furry pocket. And the brave baby cuddled down and went sound asleep.

Peter looked at the baby and laughed.

"IF HE STAYS STILL YOU WILL THINK HE IS DEAD AND GO OFF AND LEAVE HIM"

"It was clever of him to keep so still when I touched him," he chuckled. "But why did he do it? If he had been so afraid of me as you said he was, I should have thought he would have run away."

Mother Possum shook her head.

"Not Sonnykins," said she. "He has been too well trained for that. Young as he is, Sonnykins knows if he ran you might run after him—or at least stay around until he came back again. But if he keeps so still you can't even feel him breathing he believes you will think he is dead and go off and leave him."

# Letter Proves Important Clue In Jail Break

### Believe Contents Of Intercepted Letter Sufficient To Convict Sam Jaworski

### WRITTEN TO MAN IN MONTEVIDEO

### Letter Reveals Plans For Taking Of Guns To Allegheny County Jail

(International News Service)

DETROIT, Oct. 20.—A letter written by Sam Jaworski last summer in Detroit to a pal in Montevido, Uruguay, is in possession of the police today, and it is believed the contents of the letter alone will be sufficient to send the writer to the electric chair.

Jaworski today awaited extradition to Pennsylvania to face trial on a charge of aiding a jail break in Pittsburgh August 18, in which his brother, Paul and John Vasbinder, convicted murderers shot their way out of the institution.

The letter was received by Inspector Henry J. Garvin of the Detroit police department from Federal postal authorities. It was seized in the South American city before it was delivered to Jim Meshcek, who is sought in connection with the crime for which Paul Jaworski and Vasbinder were sentenced.

One paragraph in Sam's letter is believed sufficient to convict him of the jail breaking charge. It is as follows:

"This is the last letter I'm writing you, because I am going to the jail with four guns. I will give two to Paul and two for myself, and we're going to shoot our way out. If we get out, we may be down to see you within a short time, and if we don't get out, we will be in the graveyard. So by the time you get this letter, Paul may be out, or the two of us will be dead."

(Signed)

# Injuries Fatal To Aged Woman

### Auto Overturns Near Harrington, Delaware, Driver Blinded By Bright Lights

(International News Service)

WILMINGTON, Del., Oct. 20.—Mrs. Minnie Gaebke, 69, of Chicago, died enroute to the Milford hospital today of injuries sustained last night when the automobile driven by her son-in-law, George Pavelek, 1433 Wilfram avenue, Chicago, overturned near Harrington.

Pavelek blinded by the bright lights of an approaching machine swerved his car and the machine skidded and overturned. Mrs. Gaebke was pinned beneath the car. She was taken to Swain's Hotel, Harrington, where the party was stopping, and an ambulance summoned. The party of five was returning from Crisfield, Md.

A coroner's inquest will be held today.

# Use Visual Aid Method In West Side Classes

### Geography And History Are Being Taught By New Method

### Numerous Clubs Are Organized By Pupils Of School

Visual aids as used by Miss Theresia Cover in teaching geography and history in the West Side School are making these subjects interesting and vital to the children of the school.

Several trips have been made by the pupils to different parts of the United States and other countries of the world by securing pictures of scenes in these countries. A large cardboard is used and the pictures and descriptions pasted on it.

Recently a trip was made to Washington, D. C. by train. Along with the searching for articles used on the trip instruction was given how to conduct one's self on a Pullman dining car, how to look after baggage, etc. A trip was also made to Alaska by boat and to the Yellowstone National park by bus. Miss Cover could help much on the trip to the Yellowstone Park as she had many specimens she brought with her from a trip there during the summer.

Another practice is the class in current events. Each child is to watch newspapers and magazines for recent occurrences for events of interest and then certain ones are chosen and the clipping or picture pasted on a large cardboard, together with a map of the world. The clipping is numbered and the number also placed on the map at the place where the event happened. This exhibit is to be sent to Harrisburg.

Proper reading of the newspaper is also being taught in two classes. A note book is kept by each scholar and clippings are secured by the children and brought to school and after choices of the best news articles are chosen they are placed in the scrap book. Then once a week these classes as clubs give a program, most of which is based on the chosen news items of the past week. Items of local interest, improvements, scientific and industrial facts are encouraged rather than murders, robberies, etc.

At a recent meeting of one of these clubs known as the Junior Civic League, the following scholars were elected. President, Harry Davis; secretary, Dorothy Keely. Each week one person is selected to have charge of the program. This week Charles Hill had charge and the following program was given, including the following talks:

New Junior High School—Dorothy Osbourne.

New Bank Building—Grace Patton.

New Castle Streets—Robert Winger.

New Hotel—Carl Custer.

Increase in Population—Findley Matthews.

Scottish Rite Cathedral—Glen McQuiston with remarks by Margaret Campbell and Carl Custer.

In the other club in the 6A known as the History and Civics Club, Mary Elizabeth Suber was elected president, Laura Snyder, vice-president and secretary, David Bevan. The program included talks by scholars as follows:

Importance of New Castle—Henry Schuller.

German Again in the Schools—Elia Phillips.

New Hotel—Lillian Liversage.

Reunion at Cascade Park—Fred Mapodano.

New Bank—Eleanor McCune.

Suggestions for improving the interior of school—Helen Hites.

Suggestions for Exterior or School—Kenneth Cowan.

Paving West Washington Street—Ralph Teets.

Two other clubs have been organized in the school. The Willing Workers elected William Williams as president and Marietta Sheik as secretary. The other club known as the Busy Bees have not yet held their election. During the elections there were several good chances to give some good lessons on citizenship as to duties of voting, etc.

Two student teachers from State Teachers College at Slippery Rock are assisting Miss Cover in the work. They are Miss Marietta Hodil and Ida Wester. Miss Wester is a former pupil of the West Side school.

Miss Cover and the principal of the school, R. G. Leslie, would be glad to show any teachers or others the work as they are following in the classes.

"Is business rushing?" asked Chet Holmes, 19, above, of a service station attendant in Salt Lake City, Utah. "No," was the reply. "Then stick 'em up," Holmes commanded, flashing a revolver. Caught later by police, Holmes expressed the wish that he had shot the attendant. "I would not have been caught then," he explained.

## FALL MAY TAKE WITNESS STAND IS INDICATED

(Continued From Page One)

quently over testimony Hoover sought to worm out of Finney.

Sinclair paid about $1,000,000 for all the claims on Teapot Dome.

Nettled by the government's objection to Finney amplifying his story on the interior's leasing policy, Fall leaned over to the newspaper table and pointed out portions of the law which he said authorized the department to negotiate leases on the reserves.

"Finney would back that up if they would let him," Fall said.

During an exchange between Roberts and Hoover, Justice Siddons intervened and admonished the defense counsel "not to make a speech to the court."

"All right, your honor, I won't follow Mr. Roberts bad example," replied Hoover.

Hoover then attempted to draw from Finney the information that Sinclair's action in buying up quit claims on Teapot Dome from the Pioneer Oil Company so he could get the lease unencumbered was not unusual, and had been done by another company in the California reserves, but Roberts objected that this was not pertinent. Another long argument followed and Roberts was sustained.

Hoover was not getting very far with Finney and what little extenuating testimony he did produce was virtually lost in a welter of legal arguments.

The defense attorney shifted to the statement Finney made yesterday that he had advised Fall there was some question of the legality of exchanging crude oil for fuel oil. Finney had so told Fall after a visit from the late Oscar Sutro, attorney for the Standard Oil of California.

Hoover developed that Finney had disagreed with Sutro and a lengthy argument had ensued, the assistant secretary holding with Fall that the proposed deal was legal.

Finney said he had learned in November, 1921, that Fall had ordered an investigation of Teapot Dome with a view of ascertaining the amount of drainage. He further admitted that in February, 1922, he knew Fall had "received some sort of a proposition from Sinclair." The lease was signed April 7, 1922.

"When did you first meet Sinclair?" asked Hoover.

"I recall seeing him several times during the winter of 1922 in Mr. Fall's ante room," replied Finney.

"Did you know what he was there for?"

"I inferred, but had no direct knowledge, that he was there to try to lease Teapot Dome."

Finney was steadfastly sticking to his original assertion that he had not been consulted at all about the Sinclair deal.

# Two Young Girls Held By Police

Two girls, fifteen and sixteen years of age, picked up last night about 11:30 o'clock in the vicinity of Mill and Home streets, by Officer Golis, were being held today by the police for investigation, as to their conduct. They will probably be turned over to the juvenile court officer. One resides in West Pittsburgh and the other on East Cherry street extension in Taylor township.

# Anniversary Is Celebrated

## Castle Council Observes Fifth Anniversary Wednesday Evening

Barkers squawked last night at the K. of P. hall for the place was a veritable country fair, as Castle council No. 365, Jr. O. U. A. M., had their fifth anniversary celebration.

Perhaps the feature of the evening was the same "country fair", or at least, that is what some of the members of the council declare this morning in throaty voices, for they have yelled themselves hoarse.

Four hundred and eleven persons sat down at a dinner which started off the evening. After the dinner the orchestra played several selections, and the crowd was led in pep singing by Lew Sweet. Then a ten-act vaudeville show was staged and all participants were local.

Prizes were given to DeWayne Cooper and company for a Charleston dance with ukelele accompaniment; to Miss Velma Masontag for an acrobatic dance; to the group of west side girls for a one-act play which they prepared; to the Castle Four male quartet; to the Syncopating Trio; and to Miss Emma Ward for a Black Bottom dance.

Five prizes were also given to ladies holding winning numbers which were issued at the door. Kiddies had horns, whistles and paper hats.

# Resume Case Of Balloting Fraud In Pittsburgh

## Thirty-One Testify That They Voted For Candidate Who Received Twenty Votes

(International News Service)

PITTSBURGH, Oct. 20.—Thirty-one witnesses had testified they cast ballots for a candidate who in the official count was credited with receiving only twenty votes, when the conspiracy trial of Fire Captain Charles Golden, J. W. Bolster and Mrs. Anna Conklin, election officials, was resumed before Judge Harry Rowand today.

Frank J. Zak received only twenty votes in the sixteenth district of the twenty-second ward in his contest for the state house of representatives, the official count showed, yet thirty-one witnesses testified under oath they voted for him.

Mrs. Katherine Downey, wife of one election official named in the indictment with Golden, testified that the latter called her on the phone and suggested that "we all get together" on the story to be told at the trial.

Attorneys for the prosecution expect the case to be given to a jury late tomorrow or Saturday.

"The Monitor," in the newspaper form will replace the magazine, "Monitor," which has been the school publication for over 20 years.

"The Monitor," in its new dress, will be a four page, bi-monthly newspaper. The object of the staff is to put out a sheet relating school happenings and other events, but as the staff members are more familiar with the publishing of a magazine it will be several issues probably before the best piece of work will be produced.

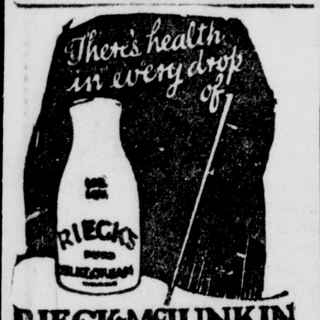

The editorial staff of the bi-monthly will be under the direction of Miss Frances McClaren, Miss Verna Allison and Miss Elizabeth Parker of the English department, while the business staff of the publication will be directed by Norman P. Nelson.

A roster of the newspaper staff will be published soon.

AVOID DIZZY SPELLS

Never well. Always tired and fagged out. Beauty tossed away by neglect. To be beautiful and to keep youth the system must be free from poisonous backwash of constipation which often causes dizzy spells. For 20 years, Dr. F. M. Edwards gave his patients, in place of calomel, a compound of vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. Known by their olive color. They free the system of poisons that ravage health, energy, beauty.

You need never have sallow complexion, dull eyes, coated tongue, throbbing headaches—all signs that your bowels are clogged, liver is torpid. Take Dr. Edwards' Olive Tablets nightly. They act smoothly and without gripping. How much better you'll feel and look! Everywhere wise men and women who know the value of good health take Dr. Edwards' Olive Tablets. All druggists, 15c, 30c and 60c.

Your Child's Cold Needs this Double Treatment

CHILDREN hate to be "dosed." When rubbed on, Vicks relieves colds 2 ways at once *without* "dosing":

(1) Its healing vapors, released by the body heat, are inhaled direct to the air passages;

(2) "It draws out" the soreness like an old-fashioned poultice.

Get Your Tickets Early to See These Girls In "Queen High" Coming to Scottish Rite Auditorium, Tuesday, October 25

Something extensive, musical and generally phenomenal, comes to the Scottish Rite Cathedral under the name of "Queen High". The piece has had remarkable triumph in all the larger cities of the United States, including New York, Chicago, Boston and Philadelphia, where it created a veritable furore, in addition to which it has broken every known record for receipts everywhere it has played.

Brimming over with clean natural comedy situations, fairly scintillating with toe tickling tunes and with fast dancing of the eye pleasing type all delivered with a band of clever players and as charming a chorus as ever graced a stage, it is quite natural that "Queen High" has endeared itself to theatregoers, who like the best that musical comedy has to offer.

Two well known musical comedy favorites head the cast, Eddie Garvie and Dave Mallen. Assisting them in the fun-making are Margaret Lee, Neil Collins, Carrie Glenn, Mary Marlyn, Georgette Armfield, Albert Downing, Danny O'Donnell, Arlyne White, Dorothea Dunn and others.

The company coming to this city has just completed a record-breaking engagement of twenty-seven weeks in Boston. It is also the same "Queen High" that was such a tremendous sensation at the Chestnut Street Opera House, Philadelphia.

Tickets are 75c, $1.00, $1.50, $2.00, plus tax. The prices of admission are low inasmuch as this show has been purchased outright. Get your tickets at Snyder Piano Co.

# Seek "Showdown" In Enforcement Of Prohibition

Open Nationwide Campaign To Get Better Results From Enforcement

CANDIDATES ARE ASKED FOR VIEWS

Will Make Strong Effort To Get More Women Registered And Out To Vote

(International News Service)

NEW YORK, Oct. 20.—A nationwide movement, sponsored by the national committee for law enforcement, for a "showdown" on the question of enforcing the prohibition law in America, will be launched next month at a series of meetings that will be held from coast to coast.

Leading politicians of both parties, including presidential aspirants, are to be asked to aid in enforcing the eighteenth amendment by plainly stating their position with respect to it. Any effort to dodge the issue will be regarded as opposition, leaders in the movement asserted today.

The New York state women's committee for law enforcement, in cooperation with the national committee, will hold its meetings on November 12 and 13. There will be services in the churches, gatherings in private homes and meetings in public halls. Similar meetings will be held in other states on November 13, so that the whole thing will work into one big national movement.

**Huge Membership**

The national committee for law enforcement, it was stated, has nine affiliated national organizations of women with a total membership of 10,000,000.

"The women of the country realize that there is an effort on the part of the political leaders of the country to dodge the prohibition enforcement issue," said Mrs. Samuel Bens, chairman of the New York women's committee for law enforcement, today. "We are determined to force them to state their attitude on the question of enforcement.

"Deeds, not words, are what we want. It is time for less talk about enforcement and more action.

"Silence on the part of politicians will be regarded by us as open opposition. We think we can make prohibition the issue in 1928.

**Accept Challenge.**

"We eccept the challenge of Senator Borah who refused to speak before us on November 12 if we merely intended to have a little pleasant conversation about prohibition. He made it contingent upon his coming here that we take practical steps to force the political parties to face law enforcement as a national problem.

"That's just what we intend to do".

The New York city meeting will be sponsored by a large number of women engaged in civic enterprises and a group of society women pledged not to serve liquor at any of their parties. Meetings are to be held in churches, in halls and homes.

Investigation will be made as to whether churches are taking an active or passive interest in the question, and special cognizance will be taken of the records of judges all over the country—whether they have been letting off liquor law offenders lightly and whether or not they seem to be meting out adequate penalties.

It is also planned to make a strong effort to induce women to register so they can vote in the primaries and general election for men who are pledged to law enforcement.

# Chicora Hunter Is Probably Oldest Nimrod In County

BUTLER, Pa., Oct. 20.—G. W. Hopper of Chicora will hunt again this season. Mr. Hopper is undoubtedly the oldest hunter in Butler county and he has just secured his license for this year. He is 82 years of age and his son who accompanied him to the court house to secure the license says, "Dad is better in the woods than his boys. He gets the game."

Mr. Hopper has hunted in the Butler county fields and forests for over half a century, and he can recall the days when it was nothing to step out in the woods and secure a deer, a bear, a number of birds and once in a while a fine wild turkey. Some of his anecdotes of hunuting in the early days are interesting.

# "Thinking Machine" Latest Invention

Machine Capable Of Thinking For Itself Is Revealed At Engineering School

(International News Service)

CAMBRIDGE, Mass., Oct. 20.—A "thinking machine" an electrical device which thinks for itself, has been developed in the department of electrical engineering of Massachusetts Institute of Technology.

"Into this mechanical mind can be fed the conditions of a mathematical problem too complex for the human brain to master, and it will promptly grind out the answer and write it down as efficiently as a machine takes in lumber and chemicals and produces finished boxes of matches," read an astounding announcement from Technology today.

The "thinking machine" was invented by Dr. Vannevar Bush, professor of electric power transmission, and a staff research worker.

**Recall Explained**

The recall of Major-General Charles P. Summerall, Chief of Staff, is explained by the statement by President Coolidge that the general's presence was required at a conference on the army's budget.

# "CO-OPERATE TO AVOID CRASHES"

Makes Plea For "Safety First" Movement Between Drivers, Operators

C. C. Coulthard, superintendent of the New Castle division of the Pennsylvania-Ohio Railway company today made a plea for "co-operation between automobile drivers and street car operators." Coulthard believes co-operation will go far toward lessening grief, especially at this time, when streets are wet and slippery and strewn with leaves which have fallen from trees along different streets.

"Drive at a safe speed.

"Keep your car under control. Do not apply brakes too suddenly.

"Bear in mind, while following street cars, that the cars must stop to take on and discharge passengers.

"Do not 'ride the rails.' Your car may skid while turning out.

"Co-operation between auto drivers and street car operators will go far toward avoiding accidents and spreading grief."

These warning notes were a few sounded today by Coulthard who believes that "Safety First" is a 365 day a year proposition.

Last night was a bad night for automobiling. Several accidents were averted by cool-headed drivers.

Although a mild cold snap has followed rainfall there are many streets literally bedded with leaves.

Leaves on pavement and street car rails help cars and automobiles skid.

## Little Stories

It was nothing but a dirty, hairy, little mongrel but the mongrel was faithful.

The family left the house, the head of the household going to work, the mother and little girl, going to shop.

Rain fell and the wind howled.

The mongrel desired the warmth of the kitchen stove or the shelter of the cellar.

The dog gazed around and espied the woman and child boarding a street car.

With a yelp of joy he sped after the car, followed it for a mile and was present when they left the car.

"Go home!" commanded the woman.

"Oh, Fido," pleaded the child, patting the canine.

"Go home!" again commanded the woman. The dog looked wistfully as the woman and child walked on.

But the dog didn't go home. Instead he followed at a safe distance and when the pair stopped, he did likewise.

And this continued until the shopping was o'er and the pair boarded the street car for the return trip and the dog trotted behind the car—faithful.

He came trotting home from school with his first "report." He was timid because he saw a couple of cyphers marked in rows for the first semester. He did not understand that the cyphers meant he was not taking those studies so he paid little attention to the opposite side of the report which was inscribed: "Restless, talks!"

Yes-sir, eighty in conduct for a six year old with red hair isn't so bad—it could be worse, so what is the use of grumbling. "Try to be better next month," in our humble opinion is far better than the strap or a bouquet of words that can best be left unsaid.

## TICKETS AVAILABLE IN YOUNGSTOWN FOR GRID GAME SATURDAY

Faculty Manager Ralph H. Gardner of New Castle high school, today received a telephone call from Fred Beebe, faculty manager of athletics at South high, Youngstown, saying that at least 1500 reserved seats for the game Saturday would be placed on sale at the gate at $1.50 each.

Tickets sent to New Castle earlier in the week have been sold.

Cynics aren't born that way. Doubtless a fish feels very cynical after he's taken the hook.

In Norway cods' heads are mixed with marine plants and fed to cows, to increase the yield of milk.

# *Shenango Valley Hospital Receives Aid Of Chest*

Sickness is a menace not alone to the individual but to the community at large. It affects the very life of our civic and public welfare. It would if unattended and unrestored threaten the very economic system of the country. Health is the insurance for the progress and growth of a community. It is a necessity of modern community. Sickness can ruin the business life of the entire community. Epidemics of disease can and has wiped out whole cities. Pestilence can retard civilization beyond human repair.

As a preventative for these disastrous caprices of fate our hospitals are founded. They are a mute assurance of health and will being not only for the individual but for the citizens of the entire community. Our hospitals by speeding the restoration of health make producers of our consumers thereby increasing the general productiveness of our city. They are an absolute necessity and the Shenango Valley hospital is daily proving her value to New Castle.

Nearly 50 per cent of all cases handled by this great institution are charity cases. Nearly 20 different nationalities were cared for. And there were more than 10,000 free days during the past year. Restoring our present citizens to productive health quicklythat they may help shoulder the burden of civic and public duties and bring new citizens into the world under proper and healthful conditions—these two things alone make the Shenango Valley hospital an institution worthy of the support of New Castle's citizenry. Your generous gifts to the Community Chest will assure the continuance and greater helpfulness of this agency which is a part of the Chest and derives direct benefit therefrom.

The board of directors for the Shenago Valley hospital are Hon. Geo. T. Weingartner, president; J. N. Martin, secretary; Edwin F. Norris, treasurer, John P. Lockhart, T. F. Morehead, George D. Blair, Fred L. Rentz, Chester P. Reynolds, T. C. Post.

# Salvation Army Work Supported By Chest

It was years ago, to be sure, that the doughboys of the American Expeditionary Forces tasted the far-famed doughnut for which the Salvation Army became so noted and, in many minds, the taste still lingers.

But this great organization did not feed the inner man alone. On every needed occasion cheer and spiritual advice was freely and tenderly given. Many a man went back to the front with a strengthened morale, a fuller stomach and a brighter outlook on life.

Today this same organization is carrying on its great work in New Castle. A glance at the summarized major activities will give some idea of the real magnitude of this organization's work:

Evangelistic work—preaching the gospel in a diction understood by the simplest of God's creatures.

Christmas dinners served to the poorer families.

Fresh air camps—conducted for the poor women and childen of the city.

Missing Friends bureau—which searches for missing persons throughout the world.

Children's homes—in which orphaned, dependent and neglected children are cared for.

Prison work—helping men and women re-enter the world with a desire and an intention of becoming useful members of society.

Slum settlements—from which monetary and spiritual help is radiated to the families of the community.

Industrial homes—in which the unfit are rehabilitated.

Working men's hotels—provide for the working men clean beds and clean surroundings at a nominal price.

Working men's work—extended to the present force of the government and will remain a permanent policy toward the army and navy.

Young women's boarding homes—providing a suitable lodging for girls away from their homes, and at prices that they can afford to pay.

Maternity hospitals—kind treatment and humane attention given to the betrayed girl.

Anti-suicide work—which has demonstrated its value on the reduction of self murder through spiritual and physical encouragement to the depressed.

During the past year there were held over 200 open meetings and these meetings were attended by 22,000 persons.

Some 366 inside meetings were held with an attendance of over 3600, while 1245 hours were spent in visitation. Three hundred and five families were helped in time of need, 70 transients were given meals and lodgings and four others were given free transportation.

These and many other good deeds are of value to the community, and the work of the Salvation Army does not overlap any of the other charitable institutions. The work is a community necessity, and to give freely to the Community Chest will be to help this great project.

Members of the board of directors of the Salvation Army are: Robert McK. White, chairman; J. B. Haley, secretary; F. W. Smith, treasurer; E. G. Parkins, adjutant; D. H. Kay, Harry Alexander, Harry K. Bell, T. W. Dickey, Mayor W. H. Dunlap, A. B. Foster, H. M. Goldberg, A. M. Graham, Judge R. L. Hildebrand, Fred L. Rentz, W. S. Sample, J. C. Taggart, Mrs. Gertrude Malloy, Mrs. H. G. Preston, Mrs. L. Ray, Mrs. F. T. Robinson, Miss Nellie Sherrard, Thomas H. Hartman and C. C. Robingson.

# SIXTH DEGREE FOR GRANGERS

**Plans Made For Big Grange Event At Slippery Rock, October 25**

At the meeting of the Pennsylvania State Grange to be held in the chapel of the State Teachers College at Slippery Rock next Tuesday evening, October 25, a large class are to receive the sixth degree of the order according to J. A. Boak and A. H. Fullerton.

A large class from Butler and Lawrence counties is being prepared to take the Sixth degree at this meeting in preparation for the meeting of the National Grange at Cleveland on November 18 at which the Seventh degree will be conferred. This is the first opportunity that grangers of these two counties have had of putting on the Sixth degree.

A fine program is being arranged for the evening at which Dr. Eisenberg, president of the State Teachers College will be the chief speaker.

On Wednesday evening, October 26, several members of local granges will travel to Mercer where the Sixth degree will be put on. On Thursday evening the degree will be conferred at Meadville and on Friday evening a team at Warren, Pa., will receive the degree. A large class is reported to be prepared at each meeting.

# PULASKI NEWS

The first Hallowe'en party of the season was held at the home of Mr. and Mrs. John Cook one evening recently by members of the P. H. C. lodge. A large crowd was present and most of the guests came masked and presented a very striking appearance. Prizes were given Mrs. J. F. Myers, Mrs. Muryl Boyd and Mrs. James Black for the different characters represented. The home was very gorgeously decorated with witches, ghosts placed around the rooms which presented a beautiful appearance, being decorated in the season's colors. A fine lunch was enjoyed, the favors being Hallowe'en novelties. Mr. and Mrs. Cook were assisted in entertaining their guests by the latter's sister and husband, Mr. and Mrs. Klensinger of Butler, Pa. The evening was very enjoyably spent in a variety of games and music.

Mrs. Laurance Mitcheltree left Tuesday morning for a week's visit with Mrs. Stephen Hoelzle of Indiana, Pa.

Squire and Mrs. C. C. Boyd have returned home after visiting friends in Plaingrove, Slippery Rock, Princeton and New Castle.

Miss Jane Tomer and George and Dean Tomer were guests Sunday in Grove City. They were accompanied home by Mrs. Samuel Tomer, who has been spending a week with her sister, Mrs. John Graham of Grove City.

Mrs. Ernest Robinson and children George, Elizabeth and Esther are spending the week as guests of friends in Grove City.

Mrs. Lizzie Lee of Poland, who passed away, was buried from her late home on Monday. Mrs. Lee recently celebrated her 101st birthday anniversary.

Charles Cover has returned to his home in Ellwood City after spending several days with his parents, Mr. and Mrs. William Cover.

Mr. and Mrs. Wylie Brewster of Mt. Jackson were dinner guests at Hotel Pulaski Monday evening.

The Ladies Aid society of the Methodist church will hold an all day meeting at the home of the president, Mrs. Charles Simpson, on Friday. At noon a tureen dinner will be enjoyed

Mrs. Laura Wilson spent a couple of days at Ravenna, O., recently with friends.

# EDENBURG

Mr. and Mrs. Roy Raub and daughter Freda, Mr. and Mrs. Claude Bonnett and daughters, Jessie and Dorothy; Glen Ward, Mrs. C. S. McCullough and Willie Raub spent the week-end Sunday at the former's gun club camp in Forest county, Pa.

Mrs. Blaine McCullough was a Youngstown visitor Tuesday.

Mrs. Celia Houk of New Castle is spending a few days with her sister, Mrs. Frank Coates.

# Mahoning Valley Notes

**MEETING CHANGED**

The regular meeting of the Mahoning Valley Grange will be held on Monday evening, Oct. 24, instead of Tuesday evening, on account of the sixth degree meeting at Slippery Rock being held on Tuesday evening, Oct. 25. Patrons will please notice change in meeting.

**SPECIAL PROGRAM**

North Beaver Grange will put on a special program in the M. V. Grange hall at the meeting on Monday night. In the series of special programs by subordinate Granges it was arranged for North Beaver to visit Mahoning Valley with a program.

**SIXTH AND SEVENTH DEGREE MEETINGS**

A number of Mahoning Valley patrons are intending to go to Slippery Rock Tuesday evening to receive the sixth degree to be conferred at that time.

It is expected that a number will also plan to go to Cleveland and receive the seventh degree on November 18, when the national Grange is in session.

**PROGRAM AT EAST BROOK**

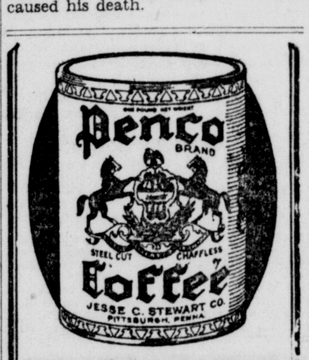

Mahoning Valley Grange is preparing a special program to put on at the East Brook Grange when they visit them at their regular meeting on Thursday evening, Oct. 27. This meeting will be held in the auditorium of the new school building.

# Governor Designates Education Week

(International News Service)

HARRISBURG, Oct. 20.—Governor John S. Fisher has designated the week of Nov. 7 to 13 as Pennsylvania Education Week and in a proclamation asked the cooperation of all citizens in obtaining the aims for which the week is intended.

"An intimate knowledge of our schools," the Governor said, "and a deeper appreciation of Pennsylvania's achievements, will be an effective and appropriate lesson in citizenship not only for the childhood but for all the people of our Commonwealth."

Budgerigars, commonly known as "love-birds" are having a boom in Japan with the result that pairs which sold for $25 or so a year ago have fetched as much as $1,200 aiece.

The instalment plan enables you to enjoy the thing while paying. But you remember the man who cut off the dog's tail a little at a time to make it hurt less.

# Life actually prolonged!

***By keeping the system cleansed of poisons***

MEN of science are constantly working on a problem vital to the human race—longevity! They find that one of the surest ways to increase your span of life is to keep the intestines cleansed of poisons due to wrong habits of living and eating and to delayed elimination. They find everybody in danger of this condition—everybody suffering from it at times.

Many of our foremost scientists recommend the use of Nujol as a harmless corrective and preventive. For Nujol does *both* things for you because it has the peculiar quality of not being absorbed by the system at all. But Nujol does absorb body poisons. Carries them away right out of the system. Corrects internal difficulties. If taken faithfully Nujol makes impossible delayed elimination and the absorption of poisons into the blood. Thus it acts as a *preventive*. Your whole system will benefit if you learn to use Nujol whenever you feel the need of it. Nujol is so safe that babies, old people, and sick people can take it too. Ask your doctor about it. He'll tell you it can't hurt you. It's not habit-forming, contains no drugs or medicine. Perfected by the Chemical Products Division of the Standard Oil Company of New Jersey.

Nujol contains no drugs or medicine. It is different from anything else. Absolutely pure and safe to take under any conditions.

You can get Nujol at any druggist. The genuine product comes in the famous Nujol bottle with the label on the back that you can read right through the bottle. Don't delay—get a bottle at once.

# Complete Plans For Congregational Dinner

**Event Will Take Place This Evening In Third United Presbyterian Church**

Full details have been completed for the congregational dinner which will be an event of this evening at seven o'clock in the banquet hall of the Third United Presbyterian church.

The affair promises to be one of the most enjoyable social events held by the congregation for some time, and a splendid time is anticipated.

An attractive program of music and talks has been arranged by S. H. Johnston, chairman, and his committee, comprised of Mrs. J. W. Rupert, Mrs. Clyde Wick, Mrs. W. E. Ferry, Mrs. Harry Baldwin and the section leaders of the Y. L. B. class.

The Boy Scouts will have a special part on the program. J. A. Cox will be the toastmaster. "The Past" will be discussed by John Kocher. "The Present", by Rev. S. B. Copeland, and "The Future" by Bernard Hook. J. H. Colnot will speak on "The Fun We Had in Raising the Money".

The talks will be interspersed with music, in charge of A. J. Minick. A piano solo will be given by Susan Wallace, a vocal solo by Mrs. G. H. Colnot, a guitar number by Walter Earl and a reading by Helen Cromie. A male quartet, composed of Griff Lewis, Albert Theophilus, R. B. McCowan and Harry Thornburg, will sing. There will also be a duet number by Mrs. Lyda Hanna and Mrs. Agnes O'Neil.

# This Boy Has No Idea Of Business

(International News Service)

LANCASTER, Pa., Oct. 20. — The Call of the Wild West cost Jimmy Rudolph's father exactly $13.80 and a few hours of worry here.

Jimmy's fondness for Wild West thriller movies caused him to take $14 worth of his father's wearing apparel and sell it to the ragman for 70 cents, so that he could raise the price of admission to a show.

Jimmy was taken into custody by juvenile court attaches as he left the movie.

# Portersville

Mr. and Mrs. Robert Kildoo have returned home after a month's motor trip to Phoenix, Arizona, and Western states.

W. C. Bennett of East End, Pittsburgh, spent the week end with Charles and Ed Oliver.

Mrs. Ed Dambaugh who has been ill for some time is improving.

Miss Isabell Kildoo who is attending Bellevue High school spent the week end with her parents Mr. and Mrs. Robert Kildoo.

Repair work has started on the Presbyterian church, which has been unfit for use for some time.

A motor-driven "sea-sick chair" which reproduces the roll and pitch of a ship is used in France to test applicants for naval and merchant marine posts.

**BAR ASSOCIATION WILL BANQUET IN NOVEMBER**

MERCER, Oct. 20.—A banquet of the Mercer County Bar association is planned for holding during the month of November it is reported today.

The following committee of county barristers were appointed to set a date and place for holding this event: H. L. Keck of Greenville, chairman of this committee of which the members are M. L. McBride, J. W. Nelson, G. H. Rowley and Roy Neville.

# I get clothes *whiter* this easy way

*Rinso is all you need—no bar soaps, chips or powders.*

WHY should I scrub my strength away when I can now soak clothes whiter and brighter!

Rinso makes washday so easy. I just soak the whole wash in its safe, creamy, sterilizing suds—and I haven't a bit of hard rubbing to do!

Dirt and stains float off in the rinsing. Even the most soiled parts need only a gentle rub between the fingers.

Of course this gentle way saves the clothes. Saves me fuel and fuss, too; for Rinso sterilizes without boiling.

Why don't you try Rinso next washday! See for yourself how soft and sudsy it makes the water.

# News Of Activities At Bessemer School

**FOOTBALL GAME**

On Friday, October 21, the Bessemer High "gridders" will travel to Hickory where they will meet the Hickory High team.

After a week of light practice, due to the vacation during Institute week, topped off by an easy victory over Mercer High, the squad is being driven in the best possible condition for the big games of the year.

Except for a few minor injuries there are no regulars on the hospital list. Indications are that Coach Allen will be able to start his strongest lineup in the Hickory game.

**EXAMINATIONS**

The week of October 5, was so strenuous that it will long be remembered in the minds of the High School students. The first part of the week was spent in review leaving Thursday and Friday for examination.

As exciting as these occasions usually are, this one surpassed all others. Such reviewing and exposure of knowledge is extremely hard on the average student. In a general way the results were fairly good. Most of the teachers graded according to the normal curve.

Now that this period of examination is over everyone is making resolutions to study hard and save hours of review, but resolutions have a way of being forgotten.

During Institute week the school students enjoyed a week of vacation. This bit of vacation was used in various ways. Several people were away for the week, others found work at home, and others found it possible to attend the State Sabbath School Convention thus helping Bessemer to bring home the Kiwanis shield.

**ORCHESTRA**

Tuesday evening of last week, the Bessemer School Orchestra contributed part of the entertainment at Teachers Institute. The Institute was held just out of New Castle at the East Shenango Consolidated School.

The special features of this program were: a trumpet solo by Kuzmo Bryan and a violin and biser duet by Melon Hulina and Frank Sankovick. These boys are gifted musicians of no little talent. The orchestra is under the supervision of Joseph Martin, teacher of music in the Bessemer Schools.

**BE-HI RECORD**

The Hallowe'en issue of the Be-Hi Record is ready to go to the press.

This number of the paper promises to be very interesting since Hallowe'en is a topic about which we are all ready to read.

The paper is filled with interesting bits of news, short stories, and artistic drawings.

If you have not been able to attend the exciting football games which we have had, you will get a very good idea of them by reading "The Sport Page."

The staff of this paper is made up of three students from Hillsville, eleven from Bessemer, and two from North Beaver township. The staff is working hard to make each Be-Hi something worth while.

**STUDENT GOVERNMENT**

Wednesday, October 19, a meeting of the presidents of the various clubs and classes was called to discuss the subject of student government for Bessemer High.

For several months this subject has been under discussion. All of the plans are not yet perfected but it is hoped that the project will be successful. Every progressive school is using this method of government.

**HISTORY CLUB**

Since the opening meeting of the History Activity work has been developing rapidly toward making the club one of the active influences of the school, material is often brought up in other classes which can be traced back to this Tuesday afternoon activity. This is one of the foremost clubs in showing the correlation between school subjects.

Sophie Rebish, president; Twila Groce, vice president; Florence Loghry, secretary; and Pauline Prohart, as treasurer make a very able staff of officers.

The programs are made up of current events topics, each member contributing something toward the entertainment. Mr. McConnell, the sponsor, is planning to have a number of debates later in the term.

**SEW SO CLUB**

Tuesday evening, instead of Monday, the Sew Soers met at the domestic science room for their class. Even though it was a very rainy night eight members were present and enjoyed a profitable and enjoyable evening.

Misses Swanson and Montgomery were hostesses for the evening. After the sewing hour a dainty lunch was served.

**LIBRARY**

Due to the fact that the first number of the Lyceum Course will be presented Monday evening, the library will open from four until six instead of the regular hours of seven until nine.

An average of one hundred books an evening are checked out. There are always plenty left on the shelves so come around and see if you can't find something you would like to read. The library belongs to the people and is there to be used.

**ANNIVERSARY**

Thursday, October the 13th marked the first anniversary of the organization of the Sacred Heart Fraternity.

To honor this event the social committee of the Sacred Heart Fraternity arranged a social affair which was held Thursday evening, October the 13th at Wolfe's Hall. The members of the Sacred Heart Fraternity and friends were present.

The committee presented a very entertaining program after which the group enjoyed a delightful lunch.

The Bessemer String Orchestra furnished the music for the evening.

**Here's Speedy Relief for Tender, Aching, Swollen, Feet**

**Moone's Emerald Oil Must Give Complete Satisfaction**
Or Money Cheerfully Refunded.

Your feet may be so swollen and inflammed that you think you can't go another step. Your shoes may feel as if they are cutting right into the flesh. You feel sick all over with the pain and torture and pray for quick relief. What's to be done?

Two or three applications of **Moone's Emerald Oil** and in fifteen minutes the pain and soreness disappears. A few more applications at regular intervals and the swelling reduces.

And as for Soft Corns and Callouses a few applications each night at bed time and they just seem to shirvel right up and scale off.

No matter how discouraged you have been with powders, footbaths or other applications, if you have not tried **Emerald Oil** then you have something to learn.

It's a wonderful formula—this combination of essential oils with camphor and other antiseptics so marvelous that thousands of bottles are sold annually for reducing varicose or swollen veins.

McKee's Kut Rate, Eckerd's of New Castle, Inc., New Castle Drug Co., McKinley & Frantz and every good druggist guarantees the very first bottle of **Moone's Emerald Oil** to end your foot troubles or money back.

GROVE CITY, Oct. 20.—E. B. Harshaw, vice president and cashier of the Grove City National Bank, will leave here Thursday for Dallas, Tex., to attend the annual national convention of the American Bankers' Association, October 24 to 28.

Mr. Harshaw is a member of the executive council of the national association and is a past president of the state organization, being active in affairs of both the national and state associations. Mr. Harshaw will join the special train which will carry the Pennsylvania delegation of bankers at Pittsburgh.

**If Kidneys Act Bad Take Salts**

When you wake up with backache and dull misery in the kidney region it may mean you have been eating foods which create acids, says a well-known authority. An excess of such acids overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels, removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help clean and stimulate sluggish kidneys, also to neutralize acids in the system, so they no longer irritate, thus often relieving bladder weakness.

Jad Salts is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink. Drink lots of soft water.

## West Pittsburg

**PILES**

**Go Quickly Without Cutting or Using Messy Salves**

Thousands who have piles have not learned that quick and permanent relief can only be accomplished with internal medicine. Neither cutting nor any amount of treatment with ointments and suppositories will remove the cause.

Bad circulation causes piles. There is stagnation of blood circulation in the lower bowel and a weakening of the parts. Dr. J. S. Leonhardt found the remedy and called his prescription HEM-ROID. Dr. Leonhardt tried it in hundreds of cases with a marvelous record of success, such a wonderful record that HEM-ROID is now sold by druggists everywhere under a rigid money-back guarantee.

Don't waste any more time with outside applications. Get a package of HEM-ROID from McKee's Kut Rate, Eckerd's of New Castle, Inc. today. It has given quick and lasting relief to thousands and must do the same for you or money back.

## Canadian Dealers To Attend Meeting

(International News Service)

MOUNT CARMEL, Pa., Oct. 20.—The Mount Carmel Anthracite Co-operative conference, to consider the needs of the hard coal industry, is becoming international in scope.

A report of the Chamber of Commerce committee sent to Toronto to interest Dominion anthracite dealers in the conference here next month, indicates that a number of dealers from Canada have signified their intention to attend.

Roy C. Haines, secretary of the local chamber, also has been advised that representatives and experts from General Motors, Inc., Chrysler Sales corp., Burroughs Adding Machine company, Chevrolet Motors, and a number of other corporations doing nationwide business, will attend the conference.

Herbert Hoover, Secretary of Commerce, is the featured speaker at the conference, while Gov. John S. Fisher and scores of other notables are expected to attend.

It is against the rules for anyone to lock a door in the British House of Commons. The "law" has been handed down from the days when locked doors implies conspiracies.

## Retail Credit Men To Banquet

Final arrangements have been made by Ray F. Hall, manager of the New Castle Credit Exchange, for the retail credit men's dinner, to be held this evening in the Trinity Episcopal church. Dinner will be served at six o'clock.

After the dinner A. T. Metcalf will sing and Col. Franklin Blackstone, a pioneer in credit work, will deliver the address of the evening on "Local Retail Credit Co-operations."

**SCOTTISH RITE AUDITORIUM**

# MORE PRAISE FOR MARY LEWIS

"MARY LEWIS"

After her guest engagements at the Ravinia in Chicago, the famous critics Herman Devries said in the Chicago American for SEPTEMBER 5th, 1927: "Ravinia audience was captivated by Mary Lewis..... I have said before Miss Lewis is irresistible and yesterday's success reaffirmed my conviction and reaped for her the sort of success that gladens any prima donna—exuberant applause, and recalls."

Praise like this is following Mary Lewis wherever she sings from coast to coast. She received it throughout Europe before she returned last year to her home country as a Metropolitan Opera Company Star. When this "irresistible" artist, the most beautiful singer on the stage today, comes to NEW CASTLE this season, seats at the SCOTTISH RITE AUDITORIUM will be in demand.

**Assure Yourself of a Choice Seat. Select Your Seat Right Now For This Great Artist, and Five Other World Famous Attractions Coming On**

**NEW CASTLE'S GREATEST CONCERT SERIES—SIX ATTRACTIONS AT THE PRICE OF THREE.**

1—Nov. 1st. The Beggar's Opera, direct from London after a four year's solid run.
2—Dec. 5th. The Goldman Band, now at the pinnacle of popularity.
3—Jan. 5, 1928. Gordon and Johnson who are throwing greater thrills into their audiences everywhere than the biggest Broadway Musical Comedy successes.
4—Mary Lewis, the most popular soprano in Europe and America today. Feb. 14, 1928.
5—Richard Crooks, whose sensational rise to fame is well known in New Castle. Mar. 8, 1928.
6—In April. A Popular Night such as closed last season with tremendous success.

WHO IS THERE IN NEW CASTLE, WHO WILL NOT ATTEND AT LEAST "THREE" OF THESE WONDERFUL CONCERTS. WHO IS THERE WHO WOULD NOT ADD "FIFTY CENTS" TO WHAT HE WILL PAY FOR THREE SINGLE ADMISSIONS, SO THAT HE MIGHT HAVE CHOICE SEATS FOR THE OTHER THREE CONCERTS TO BE GIVEN TO CHOICE FRIENDS OR TO THOSE WHO ARE TOO POOR TO ENJOY THESE RARE OCCASIONS?

**PRACTICE ECONOMY IN ENTERTAINMENT**

Suppose you attend THREE numbers, buying tickets for the $1.50 Section, making a total expenditure for the three concerts you attend, of $4.50. Add 50c to this $4.50 and YOU GET A BETTER SEAT IN EXACTLY THE SAME SECTIONS OF THE SCOTTISH RITE AUDITORIUM, FOR ALL SIX CONCERTS. IN OTHER WORDS, THE SAVING ON SEVENTY FIVE PER CENT OF THE FIVE DOLLAR SEASON TICKETS, IS EXACTLY $4.00 ON THE PRICE OF SINGLE ADMISSIONS FOR THE SEASON.

**Don't Overlook the Fact That Savings Are Proportionate In All Sections.**

**Call Miss Dinsmore TONIGHT, 7:00 to 9:00, at 481R, Snyder Piano Co., and select your seat for the entire season. Call Mrs. Fleming during business hours at the same place. Only $4.00, $5.00, $6.50, $8.00 and $10.00. No tax. You Pay Once and You Are Through for the Year.**

# Former Follies Girl Is Seeking For Separation

**Seeks Separate Maintenance From Walter L. Hill, Scion Of Railroad Magnate**

(International News Service)

BUTTE, Mont., Oct. 20. — Filed in the court at Livingston, Mon., today is a suit for separate maintenance brought by Mildred Richardson Hill, former New York Follies girl, against her millionaire husband, Walter L. Hill, son of the late James J. Hill.

The couple have been married about eight months.

Mrs. Hill said she found her husband "as wild as the mountain scenery" round about them after he left Broadway where their courtship took place. They have been living on his ranch in Park county.

# Earl Carroll To Donate Radio Set To Atlanta Prison

(International News Service)

ATLANTA, Oct. 20.—When Earl Carroll, New York producer, is released from the federal prison he will leave behind an expensive portable radio set at the prison honor farm. It will be the possession of the prisoners there together with a sum of money Carroll has on deposit at the prison farm.

Thomas V. Rooney, Carroll's casting director, arrived in Atlanta to accompany the showman back to New York.

# Lutheran Fall Meeting At End

BUTLER, Pa., Oct. 20.—The fall meeting of the west conference of the Pittsburgh synod of the Evangelical Lutheran church was closed in the First English Lutheran church of Chicora at noon after a three-day sesion. At the fellowship dinner last night 110 ministers and laymen were served.

Ministers and lay delegates were present from churches of the Beaver valley, Ellwood City, New Castle, Zelienople, Harmony, Butler and other Western Pennsylvania towns and several towns in Eastern Ohio. Fifty churches were represented.

Officers of the conference who are elected at the spring meeting are president, Rev. F. E. Stough of New Castle; secretary, Rev. H. H. Bagger of Butler; treasurer, Rev. A. G. Fischer of Zelienople.

# DENIES SHE IS SUICIDE

(International News Service)

HARRISBURG, Pa., Oct. 20.—Mrs. Lottie Sawyer Watson Schmolze appeared before local police to deny vehemently that she recently committed suicide, as police had reported.

"It can't be me," she said, "because the report said the victim wore a wrist watch, and I never owned one."

# Killed By Lover

Infuriated because Margaret Martin, 18, above, refused to marry him, Wilfred J. Winters, 22, shot and killed her and her companion, Catherine Stadler, 19, below, and himself as his auto sped through Chicago streets. Before turning the gun on himself, he pushed the girls' bodies from the car. After he had killed himself, the auto plunged into an electric light pole, rebounded and struck another car.

# Raises 20 Children On $85 Per Month

WASHINGTON, Oct. 20.—Conrad Zeller, government employe for 31 years, retired today at 65. His average pay during his service for Uncle Sam was $85 a month and on that and what little he made on the outside he fathered a family of 20 children.

Once when friends tried to get a raise for him of $15 a month—from $60 to $75—local papers carried a cartoon showing Zeller and 16 children on Pennsylvania avenue. The caption read: "A raise needed in the interest of anti-race suicide."

(International News Service)

EASTON, Pa., Oct. 20.—William Mather Lewis will be inaugurated officially as president of Lafayette College here today. One hundred and twenty prominent educators will attend the inaugural program. The feature of the program will be an address by Professor Michael I. Pupin of Columbia University, which will follow a conference of the 120 delegates.

# High Water May Force Mines To Suspend Work

(International News Service)

MOUNT CARMEL, Pa., Oct. 20.—All mines in this district, employing thousands of men, will be forced to suspend operations today unless rain, which has been falling for several days, stops, officials of collieries announced.

Although all workings of the Philadelphia & Reading company are still in operation, many miners in these collieries were idle due to high water, and officials felt that four hours more of rain would force total suspension.

The Scott and Kulpmont collieries of the Susquehanna company were forced to shut down while the Richards and Pennsylvania collieries of the company continue to work.

# Many Pennies Are Placed In Machines

Vivid proof that it takes the pennies to make the dollars is shown by the amount that is collected from the chewing gum machines at the waiting rooms of the railroad stations in New Castle. As much as $14 or $15 are collected in pennies monthly from some of the more frequented locations.

An average of $6 or $7 is collected from most of the devices. The weighing machines are not quite so popular, though, we are told, for one does well if a monthly revenue of $3 is obtained from those who are endeavoring to reduce or grow fat.

Among the coins is sometimes found a dime, street car checks and other substitutes. Whether the depositor of the dime got any results we do not know, but we doubt whether the machine used its intelligence enough to hand out 10 cents worth of gum.

# Something New In Punch Boards

(International News Service)

HAGERSTOWN, Oct. 20. — Now comes the whiskey punch board to worry prohibition officers.

A raid on an alleged resort here unearthed a punch board which excited the attention of authorities. Each "punch" cost five cents, and a purchaser was entitled to a drink after purchasing a given number of "punches."

"Lucky numbers" entitled the winners to prizes ranging from a pint of liquor to a half gallon.

The special series of meetings which have been conducted each evening this week in St. Luke's A. M. E. Zion church will continue until Friday evening.

The meeting tonight will be in charge of the South Side Sunday school with the superintendent Jerome Cooper in charge. The sermon will be delivered by J. H. Clarke of the Mahoning avenue mission.

# Spanked Girl, 19, Has "Ma" Arrested

WHITING, Ind., Oct. 20.—The legal right of a mother to spank her daughter when she has reached her majority was denied by Judge Cullivan in police court today.

Angered over a spanking which her mother Mrs. Catherine Latzko gave her, 19-year-old Emma Latzko swore out a warrant and caused her arrest. The mother insisted that she still had the legal right to spank her daughter, but Judge Sullivan ruled against her, imposing a fine of $1 and costs on a charge of assault and battery.

## THREE HUNDRED ATTEND PRESBYTERIAN JUBILEE

### Fifteen Babies Are Introduced To Cradle Roll Of Church

### Clever Address Is Made During Evening By Rev. Callahan

ELLWOOD CITY, Oct. 20.—Three hundred members of the First Presbyterian church gathered at the church yesterday afternoon and evening in spite of the inclement weather to observe the annual jubilee celebration of the church.

A feature of the afternoon session was the formal introduction of 15 babies to the Cradle Roll. They approached the alter on the arms of their respective parents and each received a Lanky Tinker doll as a little welcome gift from Mrs. John Brennaman head of the Cradle Roll.

Babies who joined the roll were Lois Elizabeth Mellor, Thomas Loring Daly, Sallee Lou Renner, Donald Paul Moon, Floyd Tenry Thorpe, Janice Lou Evans, Patrica Ann Reed, Edrye Loraine Frazier, Robert Verne Plympton, Carrel Jean Carlson, Harriet Eleanor Carlson, Elizabeth Margaret Luther, Norman Fred Newton, Coleen Barbara Aiken and Dorothy Elizabeth Owen.

The afternoon meeting opened with devotionals by Rev. A. M. Stevenson, there followed a memorial service also by the pastor. Then marriages and new members, the secretary's report by W. H. Hunter, the gift to the church this year, is the final payment on the organ fund.

The dinner which was served cafeteria style was delicious and enjoyed by all members. The ladies of the church prepared the menu. At the close of the meal the members of the choir presented an excellent concert Mr. Hutchinson rendering two tenor solos, Mr. Harris and Mr. Hutchison a duet; a solo by Mrs. Mellor and organ selections by Mrs. W. L. Dean.

The speaker of the evening Rev. Callahan of the First Methodist church of Rochester has lately returned from extensive travel in Europe, studying living conditions among the people. His message as presented list evening was most interesting and the important fact he stressed was that Americans must get busy and overcome the hatred and enmity of the Europeans toward them. He stated that the feeling was very bitter and likely to grow worse if something were not done. He further described the various modes of living in the countries through which he traveled.

## Delegation To Go To Pittsburgh

ELLWOOD CITY, Oct. 20. — A delegation of Junior Past Commanders of the Fraternal Patriotic American Lodge, led by District Deputy Jonathan Jacobs will visit Pittsburgh Saturday evening for the purpose of forming a Junior Past State Commanders Association. ## Disease Germs Never Sleep

YOU CAN DEFEAT THEM WITH

## Father John's Medicine

IF enemies come to attack your home, you would not open your door and invite them in. Day and night armies of disease germs lie in wait to attack your body. Do you fight against them or do you invite them in?

The weak body is an easy prey to disease, especially after the wasting effects of coughs and colds.

Father John's Medicine fights disease germs by aiding the system to throw off impurities and building up strength, vigor and physical fitness. It is a food medicine perfectly blended, pleasant to take, easy to digest. Has had seventy years of success and contains no alcohol or harmful drugs.

## Baptists Will Purchase Organ

### $5100 Subscribed Last Night Among Thirty-Three Subscribers

ELLWOOD CITY, Oct. 20.—Seventy-five members of the Baptist church enjoyed a tureen dinner last evening in the church with a view of discussing the possible purchase of an organ. Dr. W. G. Evans acted as toastmaster, calling on various members of their opinions. All were in favor of purchasing the instrument, and $5100 was subscribed among 33 people. The balance will subscribe later to the ultimate goal of $8,000. Dr. W. G. Evans will consult with the music committee concerning the type of organ best suited to the church.

## John Turner Bates Dies At Home Here

ELLWOOD CITY, Oct. 20.—John Turner Bates, aged 65, expired yesterday afternoon at 4:30 at his home, 902 Crescent avenue, as the result of a lingering illness.

His death comes as a shock to his many friends in this community where he had resided a score of years. He leaves his wife, one son Russel and three daughters, Mrs. John White of Ellwood City, Mrs. Nicholls and Mrs. Gilliard of Pittsburgh.

Funeral services will take place at 8 o'clock this evening at the home. Tomorrow the body will be taken to Pittsburgh for burial in the Braddock cemetery.

## Boy Scout News

**TROOP 21**

A peppy crowd was present when Troop 21 held its weekly meeting at the St. Paul's Methodist church last evening, with Scoutmaster Jack Dunfee and assistant Scoutmaster Sargent Smith in charge.

The meeting opened with the regular troop exercises, and afterwards plans for the Father and Scout banquet, to be held at the First M. E. church Friday evening were discussed. Every member of the troop but two are going to be present, and they will ont be there on account of sickness.

After tests and games, the boys gave a demonstration for Mr. Smith, who is relinquishing his position as assistant Scoutmaster because he is being transferred to the Beaver Valley by the Bell Telephone company, where he is employed.

**Troop 1**

All members of Rotary troop 1 are requested to be present at a meeting to be held this evening at the Pennsylvania Power Company office on Washington street.

This is the first fall meeting of the troop and as matters of great importance will be discussed, it is necessary that every Scout and Scout committeeman be present.

**New Wilmington Troop 1**

Many members were in attendance this week when Troop 1 met and several delayed matters of importance were discussed and decided upon. Hans C. Holm of New Wilmington is now the troop scribe and his work is being done in an excellent manner. Several visitors were also present and enjoyed the meeting.

**Troop 15**

First Christian church troop 15 will hold a meeting Thursday evening, beginning at 7:30. Scoutmaster Sidney Smith and Assistant Scoutmaster George McCracken will be in charge.

Final arrangements will be made for the father and Scout banquet and the court of honor, which is being held under the auspices of the Lawrence County Council Friday evening, Oct. 21. Plans will also be completed for the two Hallowe'en parties to be given by the Pine Tree and the Flying Eagle patrols. George McCracken will give a demonstration of plaster work.

Saturday it is planned for all of the Scouts of this troop to take a hike, and all those who wish to pass hiking, fire-building, cooking or any other outdoor tests will please be in attendance.

The wedding was a quiet one, with only the immediate families and intimate friends being present. The bride was attired in blue crepe de chine.

At the conclusion of a post-nuptial trip, the couple will reside in New Castle on Croton avenue. Mrs. Nelson is well known among the younger set, having been affiliated with Patton Brothers company for some time.

## American Actors And Authors Dominate Theatres Of England

(International News Service)

LONDON, Oct. 20.—Although musical plays represent nearly 75 per cent of the theatrical productions staged in London, they are not only dominated by American actors and actresses, but they are in most cases written by American authors.

During the past year there has been a great deal of discussion among English theatrical circles regarding this question, especially as to the writing of the shows. "Why," ask the producers, "do we not have some English written musical comedies?"

When the question was brought before a general meeting of members of the theatre world of England it was concluded that there were no English musical shows because:

There is no one in London able to write successful musical plays.

"A large number of people say it is wrong that we should go to America for musical plays, but the answer is that we only because, unfortunately, there are no Britishers to bring forward books of music which are likely to succeed if put into a rehearsal," declared Sir Alfred Butt, M. P., managing director of a large London playhouse.

## HOUSEHOLD HINTS

BY MRS. MARY MORTON

**MENU HINTS**

Veal birds are an attractive meat dish and help get rid of a surplus of stale bread, which sometimes accumulates in the box. Fresh stewed tomatoes are a nice accompaniment and we always welcome them fresh or stewed for their healthful vitamines.

Veal Birds Baked Potatoes
Stewed Tomatoes Celery Olives
Cheap Cake with Whipped Cream or Chocolate Sauce.

**Today's Recipes**

**Veal Birds** — Have veal steak cut rather thin and cut a slice in about three pieces. Prepare bread dressing with a good seasoning of sage, celery salt and butter, add salt and pepper. Put a tablespoon of dressing on each piece of meat, roll up and fasten together with a toothpick. Brown in a skillet on top of stove, add a cup or more of hot water, cover and place in a slow oven for an hour.

**Cheap Cake**—Two eggs, one cup sugar, one teaspoon baking powder, one tablespoon butter, one-half cup hot milk, one cup flour. Beat eggs light, add sugar, beat into eggs and add butter in hot milk; add flour sifted with baking powder. Pour into buttered tins, bake in moderate oven thirty or forty minutes.

**SUGGESTIONS**

**Table for Thickening**

One tablespoon of flour will thicken one cup of liquid for soup.

Two tablespoons flour will thicken one cup of liquid for gravies or sauces.

**Good Potatoes**

**MENU HINT.**

While there are summer as well as winter pancakes, we usually think of them as a cold weather dish. So-called caramel pancakes make a change from the ord...ary way of serving and children enjoy them as much as grownups. They make a nice luncheon dessert for the school children or may be served at supper just as well.

Cereal with Top Milk
Sliced Oranges Caramel Pancakes
Coffee, Cocoa or Milk.

**Today's Recipes.**

**Caramel Pancakes**—Make a batter of three cups flour, one teaspoon salt, six teaspoons baking powder, beat up three eggs and add two and one-half cups milk. Mix with dry ingredients and beat to a smooth batter. If not thin enough to make nice thin cakes add a bit more milk. Bake in hot greased griddle like pancakes. After first one is turned out on a plate add a generous sprinkling of soft brown sugar and powder with cinnamon. Alternate layers of sugar and cinnamon and pancakes.

**Cocoa**—One and one-half tablespoons cocoa, one teaspoon sugar, two cups boiling water, two cups milk, pinch of salt. Scald milk, mix sugar, cocoa and salt with enough water to form a smoth paste; add remaining water. Boil five minutes. Turn into scalded milk and beat with dover egg beater.

## Curtain Stretcher Patent Is Granted

### Mary Knittel Of New Castle Is Granted Patent At Washington

By GEORGE H. MANNING
(Washington Correspodent of the News.)

WASHINGTON, D. C., Oct. 20. — The United States Patent Office has granted a patent covering a curtain stretcher, invented by Andrew W. Knittel of New Castle, before his death, to him administratrix, Mary Knittel of New Castle.

Mr. Knittel made application for a patent on September 25, 1925, before his death but the application was renewed on May 19, 1927. Only one new and patentable feature is recognized in the patent. The stretcher comprises two pairs of legs adapted to spread, hinged at the top and with sliding stretcher bars at the bottoms.

A complicated casing coupler has been invented and patented by Curtis M. Claypoole and Alvin J. Eshenbaugh, both of Butler. Their application was filed with the Patent Office on September 5, 1925 and embraced 11 claims for patentable features.

A device for sharpening safety razor blades is covered by a patent granted to John H. Gibson of Bruin, Pa. His application for a patent was filed on October 23, 1925.

## Pitt Team Is Rated Strong

### Pitt, Princeton, Michigan Only Unbeaten And Unscored On Elevens

### GENEVA IS IN UNBEATEN CLASS

By MALCOLM ROY
International News Service Staff Correspondent

NEW YORK, Oct. 20.—What has become of the unbeaten and unscored on football teams that used to blossom forth so gloriously in the old days of mass play and heavy casualties?

With the season half finished back in the trail-blazing days of 1905 and thereabouts, when the football world was divided into two very clearly defined strata, mid-season found a host of unbeaten and unscored on elevens.

But nowadays and especially in this year of grace of 1927 the middle of the season finds the number of unbeaten and unscored on elevens a very limited field indeed, even though the whole country be scoured. To be more exact the names of the elect at the present writing are Michigan, Princeton and Pittsburgh, while Louisiana State and Geneva, the eleven coached by "Bo" McMillin, may also be grouped in this class though each has participated in a 0-0 tie game. What a meager list this is compared with the so-called good old days!

**Pitt Tops List.**

Pittsburgh tops the list with a total of 153 points in four games, while Princeton has scored 69 points in three games and Michigan 68 in the same number. Louisiana State has run up 106 in four games and Geneva 54 in a like number. Pittsburgh's big achievement was its 40 to 0 victory over West Virginia, a triumph that stamps it as one of the best if not the best eleven in the east when taken in conjunction with its other victories.

The number of unbeaten elevens is considerably larger than the select unbeaten and unscored on handful. In this latter grouping are Army, Cornell, Dartmouth, New York university, Bucknell, Lafayette, Maine, N. Y. Aggies, Rochester, Springfield, Syracuse, W. & J., Tufts and Williams in the east; Georgie, Georgia Tech, Tennessee and Catholic university in the south; Northwestren, Illinois, Minnesota, Notre Dame, Oberlin, Missouri and the Haskell Indians in the middle west; and California, University of Washington and Southern California on the Pacific coast. Illinois, Bucknell, Minnesota and Southern California have each been tied.

In the old days it was no unusual feat for Yale, Harvard, Princeton, Pennsylvania and one or two others in the east to come down to their big games at the very end of the season with unsullied goal lines and Yale had a faculty of going through season after season without being scored upon, especially in the early 1900s when the Blue was riding roughshod over all comers, including Harvard and Princeton.

But what a difference there is today.

## How About Old Eli?

By Feg Murray

What of Yale in 1927? Will the "cradle of football" hold once again a first-class team, as a final tribute to Tad Jones, its great coach, who is quitting at the end of the season, or will Old Eli suffer another setback as it did in 1926, when games were lost to Brown, Army, Maryland and Princeton?

Where are the Coys and Heffelfingers, Shevlins and Hinkeys that made Yale supreme on the gridiron in days of yore? Harvard has finally beaten Yale at crew—is this to be a Crimson year in football as well? But we're getting a little too far ahead, for Yale plays the Army day after tomorrow and the memory of last year's 33 to 0 defeat still rankles in the hearts of old grads and students, and so, for the moment, all thoughts are of revenge on the men of West Point. Harvard will come later, as will Dartmouth, Maryland and Princeton.

You have to hand it to Yale. She doesn't pick the soft ones. Probably only Pennsylvania has a harder schedule of all the eastern colleges. Yale has a pretty fair set of running backs too, no doubt about that. Tad Jones may not be the best line-coach in the world, but you've got to admit he always has some excellent ball-carriers. Caldwell, Goodwine & Co. will make plenty of trouble for Yale's opponents in the future.

As for T. A. D. Jones, who is singing his swan song as Yale coach, for business reasons, and perhaps, partly because of the "Down Town Athletic club" and "Pool Hall Bettors' association," it must be said that he has won more than his share of games, and that he has been a very fine influence on Yale athletics. Tad was both a football and baseball star at Yale back in 1908. In 1916 he coached Cupid Black's team, which was one of the two Yale teams to defeat Harvard in 13 years. Lately, however, things have been different. Jones will be missed at New Haven.

Feg Murray Says—
Add similes of 1927—As interesting as least year's football scores.

## Football Squad Youth Injured

### Isaac Jacobs, 16, Suffers Broken Leg When He Slips While In Practice

Isaac Jacobs, aged 16, son of Mr. and Mrs. Elias Jacobs of 514 East Long avenue, a substitute player on the New Castle high football team, suffered a broken leg in practice on Wednesday afternoon it was announced at Senior High today.

Jacobs is a first year man at the Senior High and was a promising candidate for the line. The accident occured about 3:30 o'clock soon after the practice session started. Jacobs together with several other of the players was engaged in kicking the ball around the field limbering up, when in some manner the youngster slipped and fell.

The injured youth was taken to the dressing room and Dr. Foster called. After an examination it was deemed necessary to remove the boy to the New Castle hospital. An ex-Ray showed that a small bone between the knee and the ankle had been broken.

The injury to young Jacobs is the first serious accident of the year for the New Castle High gridders. The youth was reported as resting easy today.

## Allegheny-Tech On Westminster's Schedule For 1928

(Special To The News)

NEW WILMINGTON, Oct. 20.—With the first half of the Westminster football season now over it has already been definitely ascertained that two of this year's opponents will be met again on the gridiron next year. Carnegie Tech will again be played as the first game of the year; this time at the Tech field in Pittsburgh.

Allegheny has also been called as an opponent for the 1928 Blue and White eleven and they will in all probability come here on Home Coming Day next year.

It is thought that at least eight games will be on the 1928 card, half of which will probably be played on the Titan field.

## Denies Rumor Of Speaker's Return To Cleveland Team

(International News Service)

CLEVELAND, O., Oct. 20.—Denial of reports circulated recently that Tris Speaker, former manager of the Cleveland Indians, would resume his post as pilot of the club next season under the new ownership was voiced here Wednesday by Percy Morgan, prospective head of the syndicate to which the club probably will be sold.

Morgan, commenting upon the report, which has been in circulation for weeks, said merely that he "had nothing whatever about it."

Neither Speaker nor the present owners of the club were available today, being out of the city. Speaker is reported on a hunting trip in the West.

## Seek Successor To Bancroft As Braves Manager

(International News Service)

BOSTON, Oct. 20.—Judge Emil Fuchs, president of the Boston Braves, has denied that negotiations were underway to secure the services of Tris Speaker to manage the local ball club to succeed Dave Bancroft who has gone to Brooklyn. Fuchs said a number of men were under consideration for the Bancroft berth. It may be two weeks before a choice is made, he said.

## Army Eleven Will Get Real Test In Battle With Yale

By MALCOLM ROY
International News Service Staff Correspondent

WEST POINT, N. Y., Oct. 20.—One of the big enigmas of the present football season is the Army eleven. There is no doubt that "Biff" Jones has been doing a lot of hard work with his veteran material, but the returns have been coming in slowly and what little the Army has shown in action has been more or less contradictory. But the riddle should be answered after the Cadets take the field against Yale in their annual clash in the bowl on Saturday afternoon.

Like Notre Dame, the Army employed the shift very extensively in its offense in other years and the rule requiring a stop of a full second before the ball has been passed appears to have worked havoc with the West Pointers' attack.

This was never better illustrated than in the battle with Davis-Elkins last week. The southern eleven, to be sure, was nobody's set-up, but the Army had real trouble in uncorking a scoring punch until the final period, when the sturdy Davis-Elkins line had been pounded into a pulp by the superb West Point forwards. Then it was easy for the Army backs to pile up the touchdowns that brought victory by a comparatively big score.

**Revamped Attack**

The Army has revamped its attack to such an extent that it has retained few features easily recognizable as basic plays of the 1926 season. Most important apparently is the stress that Jones is placing on the forward pass now. It will be recalled that a year ago the Army used the pass little if at all. But Jones seems to have restored the pass to its old-time place of importance because it was trotted out a good many times against Davis-Elkins and used in a way that indicated that Jones was determined to employ it in the big game to come.

With the team that he has at his disposal Jones should take the Army far along the championship road. The backfield is without doubt one of the best and certainly is the most experienced in the country, with Harry Wilson, one-time Penn State star, playing his seventh year of varsity football. Meehan at quarterback is not the best field general in the world, but in Murrell and Cagle, the other regular component parts of the backfield, the Army has a wonderfully powerful pair. Cagle is a dangerous man every time he gets his hands on the ball.

Gibner, Piper, Nave, Hutchinson and O'Donnell are the understudies and they all measure up close to the regulars.

Jones has a line well up to West Point standards. It is heavy and charges with terrific force. Incidentally, it is well fortified with reserves. Sprague and Perry stand out as the best tackles the Army has had in some time. Hall at center and Hammack and Seeman at the guards give the center of the line the power of a battering ram on attack and are dependable on defense. There are at least two good players in reserve for each regular between the tackles.

## HERE AND THERE IN SPORTS' LAND

By ED. FRITZ

**A few nights ago, while in Youngstown, we happened to run across a former student of the Professional College of Jabs and Hooks—no other than Babe Rivers, the southpaw with the deadly wallop and the chin of glass—a "point" to be exact, that kept the little featherweight from making a name for himself in the fistic realm.**

We found him in the dressing room of Emmett Rocco, dolled up like a clothing-house advertisement and smiling as broadly as the colored lad of the southland who has happened on a juicy watermelon.

The Babe when he started fighting here, looked like the berries and if we remember correctly, he climbed through the hemp in one of his first experiences and in southpaw fashion, kayoed Kid Cangie.

**As a result of this said victory the** beginning of the end started for Rivers as it was no other than Cangie that sent the game little boy down and out and perhaps spoiled his career as a fighter.

To this story there is something from the "inside" that the pugnaciously inclined gentlemen who saw the bout did not get at the time—a trick that would have went good had it worked, but it didn't.

After Cangie had been defeated he was all eyes for a second match. He knew that he had suffered an ignominous defeat and his every thought was a "return fight".

**Apparently it could not be arranged.**

One fine winter day along came Joe Cumo with the announcement he proposed "running a show" and Kid Cangie was booked to meet a "Cleveland boy" named "Freddie Thomas."

After the boys had commenced training, the "grapevine circuit" brought the tale that "Freddie Thomas" was no other than Babe Rivers, who had knocked out Cangie.

The new moniker had been bestowed, it is said, by a couple of local boys who figured on "cleaning up" on the bettors; Cangie would not train to combat the unorthodox style and he would lose, they thought.

**Cangie was shifted to a side-wheel** position and for an entire week he sent fast right hand punches at all left hand partners and if ever a lad got his right hand working nicely, it was Mr. Cangie.

The day of the fight arrived and Cangie and Rivers met at the intersection of North Mercer and Washington streets. "So you're the Mr. Thomas," said Cangie. The Babe grinned.

Cangie didn't say anything until they weighed in. **The Babe was** underweight and Cangie over a pound. "Thomas" tried to collect the forfeit money but—

The Kid had the best of the argument and inasmuch as he had used a phoney name the commission's deputy ruled that the forfeit could not be collected, hence Cangie's first edge.

**"Wouldn't be surprised to see Cangie** break your jaw tonight," said one of the Cangie enthusiasts to the Babe as he dressed. The Babe did not reply because he was vexed over the forfeit loss.

The time for the fight in the Opera house loomed and Cangie was directed to start off "southpaw" if Babe, a natural left hander, fought left foot and hand extended.

"Listen intently and when he shifts to southpaw you turn and nail him with a right hand as soon as he makes the move," was the order given Cangie.

Clang went the bell and Rivers started out in orthodox style as Cangie posed a la southpaw. The fight had only gone a few seconds when Rivers, outwitted, tried out his plan and turned southpaw.

**"Turn" was the one word spoken to** Cangie and he shifted like a flash and as soon as he got in position, hurled his right hand which struck Rivers on the jaw.

Before Rivers' sagging body hit the floor Cangie had hammered in two left hooks which made the knockout complete, and regretful as it is to state—Rivers' jaw was fractured in two places.

That put the end to Rivers. Had he had a stout jaw—or a bone as stout as his heart, that lad would have climbed the ladder because he was fast, scienced and could hit.

## ORDERS QUIZ INTO BIG FIGHT FILMS

PHILADELPHIA, Oct. 20.—The U. S. district attorney's office has instructed the federal grand jury to investigate how motion pictures of the Tunney-Dempsey fight got into Pennsylvania in violation of law. Managers of three movie houses have been arrested and later discharged on the ground of "no evidence." Summons have been issued for Stanley company's president, John J. McGurk. A fight film promoter in St. Louis drew three months and $1,000 fine for showing the fight films.

## Geneva Favored Over Waynesburg

### Geneva Team Works Hard To Get In Shape For Grid Contest Saturday

BEAVER FALLS, Pa., Oct. 20.—The Golden Tornado of Geneva College is preparing for Waynesburg on Saturday. The members of the team are all in good shape physically, and, unless some unseen circumstance should occur, will be in the game.

With Schachern to punt, Flenniken to pass, and Ollie Harris and Pinkerton to buck the line, the backfield has no cause to worry. The line proved what it could do when it held Boston on the three yard line. Captain Magliseau and Dave Cullen were probably the outstanding linesmen in that game.

The Rochester and Beaver Falls high schoof teams are both out to win and this game should in itself draw a large amount of interest. The regular customers will get their moneys' worth Saturday and it is expected that the stadium will be filled when the whistle blows at 1:15 on Saturday.

## High Gridders Hard At Work

### Coach Bridenbaugh Sends Football Players Through Workout On Sloppy Field

### HOPE TO DEFEAT YOUNGSTOWN SOUTH

Ben Franklin high field is rather well water-logged after a two-day downpour, but this condition did not deter the New Castle high football team in their training for the South high battle on Saturday.

The field was mighty sloppy and slippery as the gridders went through their paces yesterday afternoon, but the boys stuck to it and put in another two-hour rehearsal. The field was dangerous and Coach Bridenbaugh urged the players to take it easy, for the reason that it would be very easy to turn an ankle in the slippery mud.

New Castle high football team will be trained to the minute when they amble forth at the South high stadium on Saturday to battle the strong South high eleven. The locals are looking forward to their first real test of the year. They feel that if they can get past South high that nothing will stop them this season.

South high is taking their training just as serious and Coach Ashbaugh has been driving the boys through some mighty stiff practice sessions this week.

## Coach Lawther Aids Jeff Byler

(Special To The News)

NEW WILMINGTON, Oct. 20.—With the Westminster varsity squad directed onlly by Head Coach Beede yesterday, Coach Lawther journeyed to Punxsutawney where he helped "Jeff" Byler in his training of the Punxsutawney high school eleven. The Punxsutawney team is anxious to score a win over Clearfield high this Saturday and the assistance lent by "Johnnie" yesterday will be a big help.

Byler of the Punxsutawney outfit and graduate of Westminster in the class of '26, received suggestions from Lawther yesterday afternoon at the regular practice and held a blackboard drill last night so that the Westminster coach could drill the Byler lads in the finer points of the game. It will be remembered that Byler was the mentor of the championship Bessemer high eleven last year.

## Croton Stars To Play Grove City

The Croton Stars, one of the fastest junior lightweight football teams in the city will journey to Grove City on Saturday for a grid contest, it was announced today.

The following players compose the Croton Star team: Captain Freb Valentino, Albert Rubies, Joe Malley, Sam Malley, Frank Valentino, Harry Passcurla, Bruno Masterson, Emon Vincent, William Leonelli, Nick Diana, Carmine Diana, Harry Cook, Tony Valentino and Evern Rubies.

Any teams in New Castle desiring games with the Stars can arrange them by calling 830-J and asking for Freb.

## Westminster Gridders Work On Soggy Field

(Special To The News)

NEW WILMINGTON, Oct. 20.—While Jupiter Pluvis continues to ocupy the center of the stage in this locality, Westminster's sport activities are continuing heedless of the unfavorable weather conditions.

"Dyke" Beede's charges, with their Monday recess completed, resumed practice yesterday in preparation for the coming game with the Duquesne University football team in New Wilmington, Home Coming Day, October 9.

The Tuesday practice session was held on a soggy field and the Blue and White squad handled the moist pigskin well considering the fact that they have had few chances to try their plays in the rain. On Wednesday the United Presbyterians again worked out in the rain and are determined to make the Duke game interesting if practice workouts count for anything.

Coach Graham, Westminster cross country mentor ordered his harriers to continue their preparations for the coming meet with Geneva college this Saturday at Beaver Falls despite the condition of the courses. The Wednesday practice a three mile run over the neighboring hills, showed that Graham's proteges are primed for the return engagement with the Covenanters Saturday.

## Penn Team Off For Game With Chicago Eleven

(International News Service)

PHILADELPHIA, Oct. 20.—Having concluded its home practice by working out in a driving rain for an hour and a half the Penn squad left here at noon today for their game at Chicago. The 37 players will be accompanied by 500 rooters. Johnny Shober has regained his quarterback berth, Magal has replaced Monk at left guard and Leon Westgate of Kalamazoo, Mich., has been substituted for Olexy at centre.

### TWO MORE PROSPECTS FOR BOSTON BRAVES

BOSTON, Oct. 20.—The prospective managers of the Braves today linked two more names with the post, Casey Stengel and Bert Niehoff. Casey piloted the Toledo club to the championship in the "Little World Series" and Niehoff is leading Atlanta in the Southern Association.

## SORDS POINTS

### Benny Friedman Meets His Match

By JACK SORDS.

"This is one sweet tough racket, what I mean, and no kidding."

It is Mr. Benny Friedman speaking; Mr. Friedman, erstwhile quarterback of Michigan and according to his former mentor ex-Coach Fielding H. Yost, the greatest signal caller Yost has ever seen.

And Benny is referring to professional football.

"Are these boys good?" Benny says "I'll tell the world. In college games you ocassionally bump up against a boy who is hot stuff, but most of the times it's easy.

"But pro football—that's a horse from an entirely new stable.'

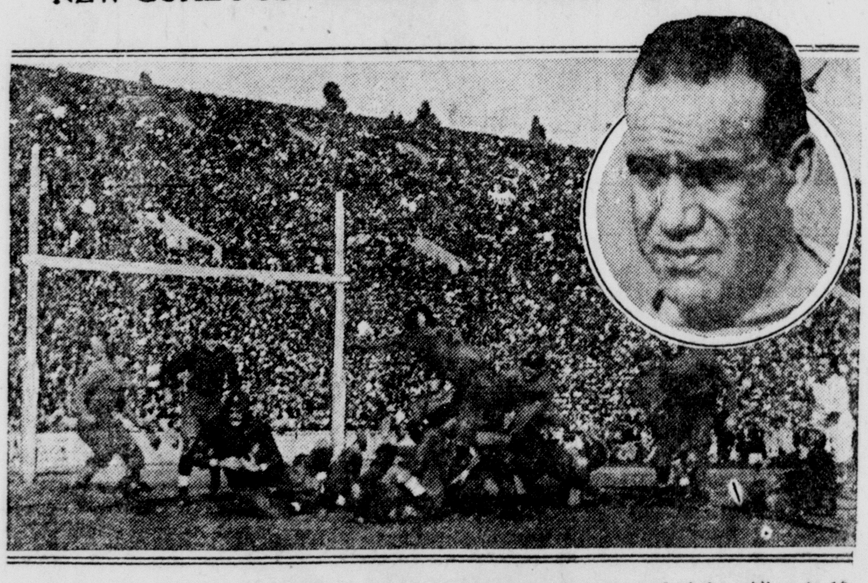

According to Benny who is now star and boss of the Cleveland professionals a professional football team is a team of 11 stars and not one.

Friedman in his first game as a pro this year found that his opponents were as smart as his own men and as tough. There were no easy marks because easy marks can't hold jobs on pro teams.

Fresh from great triumphs at Michigan Benny enthusiastically took over his new grid job which paid in good old coin as well as thrills. In the first two games of the season Benny and his band were tanned—and tanned good and proper.

"As a spectacle this business can't compare to college football," Benny now says, "but as a game it is better and a doggone sight harder.

## NEW GOAL POST RULING IS STIRRING UP A FUSS

When football's rule makers decided goal posts should be moved from the end of the gridiron to 10 yards back, they anticipated little objection. But it came, from players and fans. Goal p[illegible] gave the teams something tangible to defend, something more than a last whitewashed strip of turf. Bill Ingram, Navy coach, wants 'em back. "The boys have nothing to defend now, and the spectators lose interest because football has less color," he says. Inset photo is of Ingram.

# Frances Grayson Again Postpones Plans For Flight

### Strong Adverse Winds At Sea Halt Start Of "Dawn" For Copenhagen

(International News Service)
OLD ORCHARD, Me., Oct. 20.—The hop-off of Mrs. Frances Wilson Grayson's amphibian plane, "The Dawn", to Copenhagen, Denmark, was again postponed for at least twenty-four hours today because of continued adverse winds at sea.

Indications were that unless a radical change in the weather occurred before Sunday the flight would be definitely postponed until next spring. Such an announcement was expected to follow the arrival here today of Igor Sikorsky, builder and designer of the plane.

Strong north-east and east winds continued today over the course to be followed by the plane, according to weather reports received from the Chatham Station of the Radio Corporation of America. However, Mrs. Grayson, looked for a change to favorable winds tomorrow or Saturday.

Tests of the landing gear and distribution of load were to be made today under the personal supervision of Sikorsky.

# Will Rogers Making Trans-Continental Trip In Airplane

### Forced Down For Short Time At Cleveland, Ohio, On Wednesday

CLEVELAND, O., Oct. 20. — Will Rogers, humorist, philosopher, cowboy, and political gambler, dropped in on Cleveland by plane for a few minutes yesterday. Then he continued on his flight to New York, to be forced down at Beaver Springs, Pa., by bad weather which has been respecting no one for the last three days.

Rogers landed at the Cleveland Airport at 12:32 yesterday afternoon on a National Air Transport plane from Chicago and took off again for New York at 2:19 p. m. During his stay he walked about the airport and talked with aviators.

# SPORTS DONE BROWN

By NORMAN E. BROWN

The winter baseball season finds Ban Johnson, founder and veteran leader of the American league, retiring from the presidency of that circuit and the game.

It finds Ernest S. Barnard, president of the Cleveland Indians, booked to fill his shoes.

And it also finds the Cleveland baseball club on the market—booked to have new owners, a new president and a new manager, if all plans go through.

These facts are interesting when grouped—at least to the man who has followed the destinies of the league, the Cleveland team, Barnard and Johnson are all closely intermingled.

In the early days of the younger circuit Johnson saw the opportunity to include Cleveland in the league. The money and energy of Charley Somers, induced by Johnson to accept the Cleveland franchise, helped to build that club into one of the best in the league and make Cleveland one of the best paying cities.

Barnard, a sports writer and baseball enthusiast in Columbus, O., attracted Johnson's attention and eventually found his way into the offices of the Cleveland club.

When the Federal league was organized and threatened the very life of the two major leagues, Cleveland was selected as one of the possible points of attack. Somers owned the Toledo club of the American association as well, and that team was rushed to Cleveland to give the city continuous baseball and checkmate the move of the Feds.

However, Somers' other interests finally involved his baseball holdings. Johnson came to the rescue and personally conducted the sale of Somers' holdings to James C. Dunn and associates.

Dunn lifted Cleveland to the baseball heights by purchasing Tris Speaker to lead the team to its first pennant and a world's championship.

On Dunn's death Barnard became president of the club.

Last winter the attack on Speaker and Ty Cobb, led by Johnson, resulted in the eventful departure of Speaker from Cleveland and the consequent wrecking of the club as a winning team.

Now Johnson steps out of baseball entirely. Barnard leaves the club for a bigger job—and the team goes into the winter season just about homeless and an orphan.

It will take new blood in the ownership and in the management and more still in the playing ranks to make Cleveland an important cog in the schedule of things next year.

# PA NEWC OBSERVES

Next week is the annual drive to fill the Community Chest in New Castle. There will be some 300 workers on these teams, making a canvas of the city. Every citizen of New Castle owes it to these workers to give them a courteous reception, even though they are unable to aid much in the work. These workers are donating their time and efforts to this work, which is the responsibility of all citizens of New Castle, no one class.

The "Welcome P. S. S. S. A." signs which were hanging on Washington street for the state convention last week have been taken down.

Never before, since the Scottish Rite Cathedral was placed in service has there been such an immense number of parked autos on the streets surrounding the Cathedral as last night. Streets for blocks from the Cathedral in every direction were lined on both sides with parked cars, even the steep, hilly streets being used for parking purposes.

The summer of 1927 will ever be a memorable one in New Castle's history from the standpoint of street improvements. More permanent improvements of a noticeable nature have been made under the present administration of city affairs during the past summer than for many years, probably ever before in a similar length of time in New Castle's history. The city council is deserving of commendation for the work that has been accomplished this year.

## HIGH LIGHTS OF HISTORY

Registered U. S. Patent Office.

Grant in the White House.

by J. CARROLL MANSFIELD

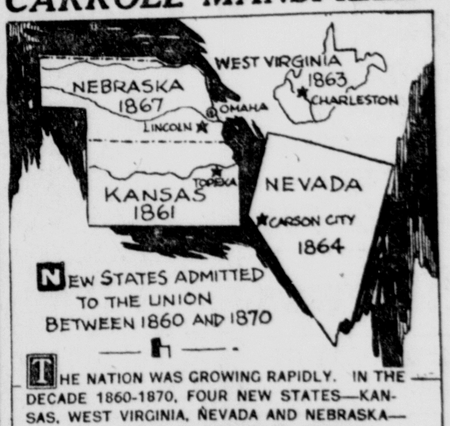

IN 1869, GRANT ENTERED THE WHITE HOUSE. GREAT THINGS WERE EXPECTED OF HIS ADMINISTRATION, BECAUSE OF HIS POPULARITY AND BECAUSE THE WRANGLING THAT HAD MARKED ANDREW JOHNSON'S TERM OF OFFICE WAS OVER.

AS COMMANDER OF THE UNION ARMIES IN THE CIVIL WAR, GRANT HAD BEEN SUPERB, BUT THERE WERE MANY WHO WONDERED IF A MILITARY MAN WOULD BE FITTED TO COPE WITH THE SERIOUS POLITICAL PROBLEMS OF THE DAY.

THE YEAR 1870 SAW THE RESTORATION TO THE UNION OF VIRGINIA, MISSISSIPPI AND TEXAS, THE LAST OF THE FORMER CONFEDERATE STATES TO COMPLY WITH THE TERMS OF CONGRESS. THAT SAME YEAR THE 15TH AMENDMENT, WHICH PROVIDED THAT THE RIGHT TO VOTE COULD NOT BE DENIED ANY CITIZEN, WAS ADOPTED.

NEW STATES ADMITTED TO THE UNION BETWEEN 1860 AND 1870

THE NATION WAS GROWING RAPIDLY. IN THE DECADE 1860-1870, FOUR NEW STATES—KANSAS, WEST VIRGINIA, NEVADA AND NEBRASKA—HAD BEEN ADDED TO THE UNION, BRINGING THE TOTAL NUMBER OF STATES TO THIRTY-SEVEN.

## Dogs Vaccinated Against Distemper

PARIS, Oct. 20.—Distemper, which causes such ravages among young dogs, will soon be nothing but a sad memory, claims Dr. Lebailly, chief of the Caen Bacteriological laboratory.

Dogs vaccinated by the doctor become totally immune in six days, he says. The virus acts very much like that which causes epidemics of grippe among human beings.

Unable to get it from cultures, Dr. Lebailly has obtained the virus from the spleen of dogs in the acute stage of the disease, and has injected it under the skin of the dogs submitted for treatment. One dose has proved sufficient to confer immunity. The only point which still remains to be cleared up is whether the virus varies according to environment. To determine this, Dr. Lebailly is collecting samples from different parts of the region for testing.

## N. Y. STOCKS

(International News Service)

NEW YORK, Oct. 20.—The influence of easy money and investment buying of dividend stocks was seen in various sections of the market at the beginning of trading today. New advances of a point or more were scored by the speculative leaders. For the most part the market was dull and heavy.

Not much encouragement could be derived from the weekly car loadings report, which taken into consideration with the 3 per cent decline in steel mills operations, emphasized the persistent let-up in the volume of domestic trade. On the other hand there has been sufficient of a shrinkage in stock prices in the last few weeks to offset a considerable decline in business, and speculative sentiment in Wall Street at the present time is as unsettled as the weather. Call money renewals opened at 3½ per cent.

Short covering and pool operations in the market favorites produced a slight firming up of prices in industrials.

## Makes Appeal For Prisoners' Families

CAPTAIN ETHEL BENARD.

"In most sections of the state the demand seems to be greater than ever before. There are hundreds of children helpelessly in need" said said Captain Ethel Benard field secretary, state of Pennsylvania of the Prison Welfare league, in New Castle on her fifth annual visit.

The captain is here to make an appeal in behalf of wives and children of prisoners and in many cases the children of parents who are living behind prison walls.

"In most sections of the state the demands seems greater than ever before" she said today in discussing conditions as she found them in Pennsylvania.

"The response of New Castle has always been cheerful and substantial and I hope the city responds in the same way this time" she said today.

The field secretary's appeal is endorsed by the New Castle police department, department of welfare, Harrisburg and President Calvin Coolidge.

## Jaworski Will Be Brought To Pennsylvania

(International News Service)

LANSING, Mich., Oct. 20.—Governor Fred W. Green today signed extradition papers that will send Sam Jaworski back to Pennsylvania. He will be returned to Detroit from Lansing and held for Pittsburgh officers.

Sam Jaworski was arrested here on a charge of aiding in jail break in Pittsburgh in which his brother, Paul, escaped.

## New Public Work System Planned

(International News Service)

YORK, Pa., Oct. 20.—A plan which it was asserted has the support of Secretary of Commerce Herbert Hoover and Secretary of the Interior Hubert Work, whereby a new system of executive organization centralizing all public works of the government under the Department of the Interior would be effected, will be introduced at the next session of Congress, the administrative board of the American Engineers Council announced here today.

The proposals of the engineering profession have been embodied in a bill to be introduced by Representative Adam M. Wyant of Pennsylvania, it was announced at today's session of the council here. The engineers claim the new system will promote economy and efficiency in the conduct of public affairs.

## Bit Of Apple In Throat Saves Boy From Death

MIDDLETOWN, N. Y., Oct. 20.—A piece of apple wedged in the throat of Richard Doolittle, two-year-old son of Mr. and Mrs. Charles Doolittle, is believed to have saved his life when he fell into a pond near his home.

The theory is that when he fell into the water the boy was eating an apple. It lodged in his throat in such a way as to block the air passages into the lungs. The result was the boy swallowed plenty of water, but none or little of it got into the lungs.

The father rescued him from the water when he was near death. The piece of apple was removed by his mother. His recovery was rapid.

## Bronze Door For Sun-Yat-Set Tomb

YORK, Oct. 20.—A York product will help Chinese protect the ashes of the late patriot leader, Dr. Sun-Yat-Set. It is a bronze door, weighing five tons, which will be placed at the entrance to a mausoleum at Nanking.

The mausoleum, it is said, will cost $1,500,000. The door was packed for shipment today at the plant of the York Safe and Lock Company.

An electric treadmill for exercising dogs has been invented in England.

**Had a Bad Cold But Accepted!**

The theatre that evening, though her nose was red and eyes were running! For six hours is enough to conquer almost any cold. Here's what to do:

Take a plain, pleasant-tasting tablet which the smallest drugstore is never without. Pape's Cold Compound is what they call it. Harmless as it is, it will knock the worst cold—so quickly you'll think it was luck the first time.

A stubborn, chronic cold is broken-up the same way; it just takes a little longer.

## French Aviators Resume Flight To Buenos Aires

(International News Service)

PELOTAS, Brazil, Oct. 20.—Dieudonne Costes and Joseph Le Brix, who are making a flight from Le Bourget to Buenos Aires, hopped off for the Argentine capital at 9:40 o'clock. They had been compelled by stormy weather to land here yesterday while enroute from Rio Janeiro to Buenos Aires.

Siam needn't be so proud of her white elephant. She should see some of the street car companies in America's smaller towns.

## Roaming Round With Richards

**Some News, Some Views, But Mostly Just Observations Of Interesting Things Around New Castle.**

Have you ever tried to find a number on a house in most any street in New Castle on a dark night? You know, when the rain is drizzling down the back of your neck and you want to be inside. Try it some night and find out how few houses have street numbers on them.

Why? That's a good question, but the answer is a tough one. Nobody knows, but it seems to be a fact that many people do not have numbers on their houses.

It really would help if they would.

J. F. Haney and his family are leaving the city soon to reside in Pittsburgh, which is a pity, for in their leaving New Castle loses a splendid family, a sound business man and several good citizens. Had the pleasure of talking with Mr. Haney last night and he had a number of old-time papers which he had unearthed.

All of them were interesting, but the one most interesting was a copy of the Weekly Richmond Enquirer of Richmond, Va., under date of June 3, 1863.

As you might imagine, the paper was full of news of the Civil War, but from a Confederate standpoint. The attack on Vicksburg drew a lot of the front page and one article is headed, "Heavy Loss of the Enemy, Capture of Prisoners; The Yankee General Steele Killed, Interesting Particulars".

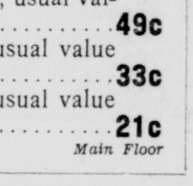

The first column of each of the four pages is an editorial column and each one of them takes a hefty wallop at what they term "the unhappy Yankee nation".

How different now. No states in the Union are more loyal than the southland states, no citizens have finer ideals. And after all, we must remember that though they were wrong in the war of '61-'65, they stood for their convictions and fought valiantly.

A friend of this colyum (oh, yes, it has some) suggests that a fine way to get a mud bath is to stand on the curb of South Jefferson street any wet day and wait for a car to go by. If you are interested you might try it.

The roaming of today was something different again. Had to shove off at 4:45 this morning for the city of Pittsburgh, and while it was a nice ride, that's a wow of a time to have to get up in the morning.

## Motherhood Made Easier

Doctor's Discovery Relieves Much Unnecessary Suffering

THOUSANDS of women, for *over three generations*, have praised Mother's Friend for its wonderful help during expectancy and at child-birth.

"I will tell all my friends about Mother's Friend," writes Mrs. Ben Abraham, Princeton, Ill. "It is a wonderful help all through the period."

Mother's Friend relieves the tension on muscles and tissues as month follows month. Finally, it makes child-birth a joy!

You owe it to yourself to give Mother's Friend a trial. Start tonight—*the sooner the better* and write for *free* booklet on "Things to Know Before Baby Comes" (sent in plain envelope). Mother's Friend is sold by all drug stores.

## Fear Anthracite Miners In Germany Will Go On Strike

(International News Service)

BERLIN, Oct. 20.—Further spread of the miners' strike now in progress in Germany was feared today when the anthracite miners of the Ruhr valley demanded a wage increase and were met with refusal by the operators.

The government arbitration commission met today to attempt a reconciliation between the striking lignite miners and their employers. It was feared, however, that the anthracite miners would strike before this dispute could be settled.

## Coke Production Shows Decrease

### Coke Production For Week Within Thousand Tons Of Mid-Summer Slump

(International News Service)

CONNELLSVILLE, Pa., Oct. 20.—Coke production in the Connellsville regions came within a thousand tons of reaching the bottom touched in the midsummer slump of 1924 during the week ending October 15, a survey by International News Service revealed today.

The drop represented a decrease of 4,130 tons for the week for a total [illegible] tons.

Merchant and furnace groups alike curtailed production. The merchants reduced their output by 2,530 tons and the furnace interests slashed theirs by 1,600 tons. Ovens blown out by the furnace operators during the week totalled 214, bringing the total furnace ovens down 1,002 or 281 below the low mark of 1924.

The minimum market price quoted by merchant producers was $2.85 for furnace coke, 15 cents below the summer price, and which was claimed to be the minimum at which coke could be produced without a loss.

Foundry coke remained unchanged at $4 to $4.75.

## Green Visits In San Francisco

(International News Service)

SAN FRANCISCO, Oct. 20.—William Green, president of the American Federation of Labor, was here today for a short visit. He characterized the recent labor convention at Los Angeles "as the greatest in the history of the organization."

Repudiation of communism and the resolution looking toward the modification of the Volstead act, were, in Green's estimation, two of the most outstanding acts of the convention.

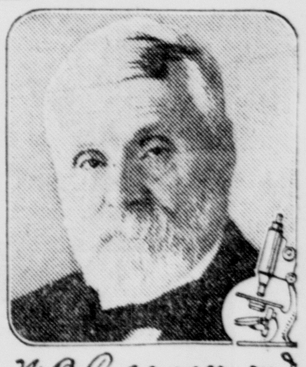

## Old Folks Say Doctor Caldwell was Right

The basis of treating sickness has not changed since Dr. Caldwell left Medical College in 1875, nor since he placed on the market the laxative prescription he had used in his practice, known to druggists and the public since 1892, as Dr. Caldwell's Syrup Pepsin.

Then, the treatment of constipation, biliousness, headaches, mental depression, indigestion, sour stomach and other indispositions that result from constipation was entirely by means of simple vegetable laxatives, herbs and roots. These are still the basis of Dr. Caldwell's Syrup Pepsin, which is a combination of senna and other mild laxative herbs, with pepsin.

The simpler the remedy for constipation, the safer for the child and for you, and the better for the general health of all. And as you can get results in a mild and safe way by using Dr. Caldwell's Syrup Pepsin, why take chances with strong drugs?

A bottle of Dr. Caldwell's Syrup Pepsin will last a family several months, and all can use it. It is good for the baby because pleasant to the taste, gentle in action, and free from narcotics. In the proper dose, given in the directions, it is equally effective at all ages. Elderly people will find it especially ideal. All drug stores have the generous bottles.
